#### UNFINISHED BUSINESS

Bill No. 2115. An Ordinance entitled, "An Ordinance widening Noblestown road in the 28th Ward of the City of Pittsburgh, from a point 236.70 feet east of the easterly line of Obey avenue to Baldwin road, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

In Council, January 3, 1931, Bill read and laid on the table.

Which was read a second time.

The Chair presented

No. 2665. Communication from L. W. Monteverde, Chairman, Department of City Planning, asking for an 80 foot right-of-way in the widening of Noblestown road, between Crafton boulevard and Baldwin road.

Which was read, received and filed.

Mr. English arose and said:

Mr. President, I would suggest that you send for the Director of the Department of Public Works to explain this ordinance. The roadway as fixed in the ordinance is satisfactory to the State Highway Department, and I agree with them.

The Chair said:

The Clerk will please send for Director Lang of the Department of Public Works.

At this time Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, Department of Public Works, appeared and said:

Mr. President and Members of Council:—With reference to the widening of Nobles-town road, I wish to report that the department made a survey and submitted an Ordinance to Council, after several conferences with the State Engineer, in which the State agreed to pave 30 feet of the 36 foot roadway, and the City to pave the remaining six feet and set the curb. We have had an appraisal made of the damages caused by the widening, and these damages amount to \$107,000.00. We have followed the suggestion of the Planning Commission where the road turns at a right angle across the tracks of the Pittsburgh Railways Company. To increase that width to anything beyond 36 feet would cost a considerable amount more in damages. To extend the road up the hollow through the Chess property would cost an additional \$15,000.00, according to an estimate made by the appraisers of the Law Department, and the cost of the physical improvement would be increased that amount. Unless we get definite word to the State Highway Department that the 36 foot roadway is agreed upon so that they can let a contract before May, the State money goes back into the State Treasury and we lose it.

Mr. Kambach arose and said

Mr. President:—There is a trunk sewer in the ravine or valley there. The roadway will be about 25 or 35 feet over from this trunk sewer. Now, you are practically spoiling this strip of ground in the Chess property in addition to the trunk sewer which is in there. My thought is if you could throw the road over this trunk sewer, you could save some of the damages.

The Chair said:

Gentlemen, the engineer notifies us that it will increase the cost to the City of Pittsburgh \$30,000 to make this change, and I asked Director Lang to come up and he is here now. Director, the subject we are discussing is the proposed change of the Nobletown road location, which you visited with the members of Council. Are you satisfied with the ordinance?

Mr. Edward G. Lang, Director, Department of Public Works, said:

Mr. President and Members of Council:—I am satisfied with the present ordinance, but not with the proposal to make the change because of the excessive cost that it would entail,

Mr. Kambach said:

Director, do you know whether or not the possible cost of this strip of ground, or the damage to that strip between the trunk sewer and the road, has been included in your estimate?

Mr. Lang said:

Gentlemen:—The damage to that property was fixed, as I understand it, by the Viewers when this project was put before them, so that there would be no additional damage to that strip by reason of the change on the new location. I think the proposed improvement would be quite a benefit to him.

Mr. Kambach said:

Do I understand this improvement has been submitted to the Board of Viewers?

Mr. Lang:

Yes, sir; and they got sufficient money out of the sewer to take care of the whole project. As I told you the other day there is no value to it.

Mr. Kambach said:

We hear of it quite frequently. Of course, when we come to a realization of it, there is a value.

Mr. Lang said:

If we built over the sewer it would entitle the city to benefits, but whether they would offset the other amount I am unable to say. There is a question in our minds whether it would be expedient to make this change in view of the additional expenses involved.

Mr. English arose and said:

Mr. President:—Might it not be wise to pass this ordinance and leave the question to the Planning Commission to work out at some future time? I am fearful that we will lose the amount of the State appropriation if we do not do something at once.

The Chair said:

Mr. Kambach called our attention to what was in his mind, and he having done that, I am quite satisfied that he is ready to vote for the ordinance.

And the bill, as read a second time, was agreed to.

Mr. Little moved

A suspension of the rule to allow

the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Little
English	Muldowney
	Herron, (Pres't.)

Ayes 9. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

The Chair stated

That Council by resolution had authorized the Director of the Department of Public Works to grant the State Highway Department the right to use a portion of City property along Washington boulevard, which had been filled in by the City, and the State would expend about \$18,000.00 for the improvement of this strip provided it be granted the use of this land for five years; that the Director had no authority to grant this without the consent of Council.

Mr. Little moved

That the Director of the Department of Public Works be granted authority to enter into an agreement with the State Highway Department for the use of this land for a period of five years; the necessary

ordinance to be brought into Council later.

Which motion prevailed.

The Chair, at this time, presented

No. 2666. Communication from Wm. A. McGuire, Manager of Tri-State Automobile Adjusters, relative to towing of abandoned cars from the streets of the City to police garages throughout the City, and asking for the establishment of a central garage for that purpose.

Which was read and referred to the Committee on Public Safety.

Mr. English asked

That as many members as can do so, visit Violet way and the coal mine fire on the McShane property immediately upon the adjournment of Council.

Mr. Little asked Director Lang the status of the North Side and Hays River and Rail Terminals.

The Director stated

That the Department was ready to proceed, but that there were some legal phases to be completed and the matter was in the hands of the Law Department.

Mr. Little moved

That the Law Department be asked to report as soon as possible on the matter of both the Hays Station and North Side River and Rail Terminals.

Which motion prevailed.

Mr. Little moved

That the Minutes of Council at meetings held on Monday, December 29, 1930; Friday, January 2, 1931, and Saturday, January 3, 1931, be approved.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC WORKS

January 15th, 1931.

SUBJECT: REPAVING SCHEDULE  
FOR 1931.

Committee on Public Works,  
Council, City of Pittsburgh.

Gentlemen:

We submit herewith fifteen (15) copies of the proposed Repaving Schedule for the year 1931.

In preparing this Schedule, we have endeavored to place thereon only main thoroughfares where repaving is absolutely necessary for vehicle and street car traffic,

and less important streets where the present paving is such that to maintain same would not only be most expensive, but would be practically a useless expenditure of City funds.

You will note that both the City's share of the cost and the Railway's share of the cost exceed the available amounts for this particular work, but said schedule is presented for your consideration and determination as to what thoroughfares shall be included in the 1931 Repaving Schedule.

In connection with the Repaving work to be carried out by the Department during the year 1931, we suggest that the sum of \$15,000.00 be held to cover the expense of reconstructing Second avenue at the approach to the Glenwood Bridge where the County of Allegheny proposes to carry out a certain amount of repaving and where the City is making a survey to determine how much the City should do. We also call your attention to the requests of the Better Traffic Committee for the widening and rounding of certain corners in various locations throughout the City where the cost of same has, in the past, been charged to Repaving funds.

We most urgently suggest that your Committee take up this matter as quickly as possible in order that we may have our field corps obtain the necessary data for the preparation of contract plans; the drafting force prepare the plans, and the work be advertised, in order that we may take advantage of the prevailing low prices; and further, to have this particular class of work out of the way so that we may have our engineering forces free to proceed with the grading, paving and curbing projects and other assessment work when spring weather will permit resumption of street improvements.

Yours truly,

EDWARD G. LANG,  
Director.

Which were severally read and referred to the Committee on Public Works.

Mr. Muldowney presented

No. 2695. An Ordinance repealing a portion of Ordinance No. 675, entitled, "An Ordinance to amend Paragraph (ii) of Section 2 of an Ordinance entitled, 'An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh and providing penalties for the violation thereof', approved October 3, 1922,

as amended and supplemented, by eliminating the restriction of No Parking 7:00 to 10:00 A. M. and 4:00 to 6:00 P. M. on that section of Morewood avenue between Center avenue and Millvale avenue, and to supplement the said Section 2 of the said Ordinance by adding thereto Paragraph (ss) to provide for No Parking between the hours of 8:00 to 9:30 A. M. and 3:30 to 5:00 P. M. daily except Sunday, on both sides of Wallingford street, from Morewood avenue to Devonshire street; on both sides of Center avenue, from Millvale avenue to Cypress street; on both sides of Morewood avenue, from Bayard street to the dead end thereof; on both sides of Broughton street, from Baum boulevard to Morewood avenue; on both sides of Millvale avenue, from Morewood avenue to Center avenue; on both sides of Melwood street, from Baum boulevard to Bayard street, etc.", approved December 26, 1930, insofar as it relates to the following item:—

"On both sides of Melwood street, from Baum boulevard to Bayard street".

Which was read and referred to the Committee on Public Safety.

Also

No. 2696. Resolution authorizing and directing the City Controller to transfer the sum of \$7,357.32 from Code Account 1261, Garbage and Rubbish Disposal 1931, to Code Account 1262, Garbage and Rubbish Disposal Deficit 1930, Department of Public Health.

Which was read and referred to the Committee on Finance.

Also

No. 2697. Report of the Department of Public Health, showing the amount of rubbish and garbage removed during the second week of January, 1931.

Which was read and referred to the Committee on Health and Sanitation.

The Chair presented

No. 2698. Resolution authorizing the issuing of a warrant in favor of Max Parker in the sum of \$225.00, covering installation of chair-rail in offices of members of Council, Office of the City Clerk, and charging the same to Code Account No. 1007, Contingent Fund, Council and City Clerk.

Also

No. 2699. Communication from Peter P. Walsh, Supt. of Police, submitting

invoice of Andy Garavini, 537 Wm. Penn way, in amount of \$1,631.40, for auto hire by Bureau of Detectives, and asking approval of Council for same.

Also

No. 2700. Communication from P. O. Carder, 60 Crafton Blvd., reporting an accident in which he was concerned due to slippery condition of Mt. Washington roadway on January 11, 1931, and requesting settlement of damages resultant from such accident.

Also

No. 2701. Communication from Sam Amadio, 34 Harlem street, McKees Rocks, Pa., re: claim for work performed in locating sewer at 622-624 Hillsboro street, in amount of \$444.35; also claim for \$148.95 for similar work at 1104 Straley street.

Also

No. 2702. Resolution authorizing and directing the City Controller to transfer the sum of \$100,000.00 from Code Account No. 1012-M, General Emergency Fund, to Code Account No. 1305—1, Emergency Outdoor Relief, Department of Public Welfare.

Also

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC WORKS

Jan. 13, 1931.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

This is to advise you that the ten (10) year lease held by Bennett Brothers, Junk Dealers, on the Monongahela Wharf at the intersection of the easterly curve line of Grant Street Extension and the southerly line of Water street, expires March 31, 1931.

We are of the opinion that this lease should not be renewed, because of the many complaints from the public in years past as to the obnoxious and unsightly appearance of this property, and in addition to the numerous complaints, there is a grave legal question as to the right, under the law, of their being permitted to operate on this property. We should like to have you advise us as to what course we should pursue when this matter comes up to the department for renewal of lease.

We trust that you will authorize the department to refuse to grant a new lease on this property.

Yours very truly,

EDWARD G. LANG,  
Director.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC WORKS

January 16, 1931.

SUBJECT: CONTRACT No. 1086

For Foundations, Etc., for the New  
Brilliant Pump Station.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

A condition has arisen in carrying out the above contract, which in the opinion of the Department warrants the authorization of the following extra work by the contractor—John F. Casey Company.

Furnish and install Brass Sleeves on the stem of a sluice gate, to be furnished under the above contract for the purpose of preventing corrosion of the steel shaft at bearing points.

The John F. Casey Company have sub-

mitted a quotation of \$50.00 for this extra work. In the judgment of the Department this price is reasonable and the charge is well worth this added cost.

The total estimated cost of the contract including this order will not exceed the Engineer's estimate.

We will await your approval before forwarding authorization for this work to the contractor.

Yours very truly,

EDWARD G. LANG,  
Director.

Also

2709. An Ordinance widening Lorgan street in the 8th Ward of the City of Pittsburgh, from a point 101.51 feet east of the easterly line of Cayuga street to a point 47.16 feet east of the first angle east of Ella street, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby.

Also

No. 2713.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC SAFETY

January 9, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Pursuant to complaint filed by the J. D. McIlroy and Sons Company against the parking of automobiles on both sides of Brewery street from Second avenue to the Baltimore and Ohio Railroad, we conducted an investigation of conditions here and found that this is an improved dirt street, in which people park their cars any way at all, making it practically impossible for trucks to get through to the loading platform in the rear of the McIlroy building. This unrestricted parking of cars from early morning until late at night also creates a serious fire hazard, there being five frame houses in back, and it would be difficult for the fire apparatus to get through the street within a reasonable time.

I have therefore decided to institute a 60-day trial of the following regulation, effective January 21, 1931:

NO PARKING AT ANY TIME on Brewery street from Second avenue to the Baltimore & Ohio Railroad, both sides.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

Also

No. 2714.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC SAFETY

January 8, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

From our recent investigation of traffic conditions on Oakwood road between Crafton boulevard and Craftmont avenue, requested by residents in this vicinity, it was evident that unrestricted parking on both sides of the street interferes with moving traffic to a serious extent.

Moreover, there are some bad curves on this street, which is only twenty feet wide, and as this is a direct route to Carnegie and Washington, a considerable amount of traffic uses this road.

I have therefore decided to institute a 60-day trial of the following regulation, effective January 21, 1931:

NO PARKING AT ANY TIME on Oakwood road between Crafton boulevard and Craftmont avenue, west side.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

Also

No. 2715.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC SAFETY

January 9, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Because of complaints by residents against the parking of automobiles on both sides of Arlington avenue, as it interferes with the free movement of westbound traffic, we conducted a survey of conditions here and found that this is a three-lane street with a single car track in the center. The street cars, No. 47 and No. 48 routes, travel in an easterly direction only, and with cars parked on the north side of Arlington avenue, traffic bound west is frequently blocked. This is especially dangerous when the pavement is coated with ice. Parking on the south side of the street does not cause this interference with traffic, as eastbound traffic can follow the street car when necessary to pass a parked car.

I have therefore decided to institute a 60-day trial of the following regulation, effective January 21, 1931:

NO PARKING AT ANY TIME on Arlington avenue between Warrington avenue and Brownsville road, northerly side.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC SAFETY

January 9, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

My attention has been called to a number of traffic accidents which have recently occurred at the intersection of 27th Street and Sarah street, and we have just completed a traffic count and survey here.

It was found that South 27th Street is 22 feet wide, three lanes, and with cars parked on both sides, it is practically impossible for traffic to move freely. It seems evident that this parking creates the chief hazard at the intersection, because traffic making right and left turns off Sarah street meets through traffic on 27th Street, often resulting in serious congestion, as they cannot pull up to the curb on account of parked cars.

I have therefore decided to institute a 60-day trial of the following regulation, effective January 21, 1931:

NO PARKING AT ANY TIME on South 27th Street between East Carson street and Mary street, east side.

Yours very truly,

JAMES M. CLARK,  
Director.

Which was read, received and filed.

Mr. English presented

No. 2719. Resolution authorizing the

issuing of a warrant in favor of Gust Keremes and Dorothy Keremes, his wife, in the sum of \$380.00, being the cost of excavation and putting in a new foundation in their property on Chartiers avenue, by reason of the taking by the city of Pittsburgh of a portion of their land in the improvement of Chartiers avenue, and charging the same to Code Account No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance.

The Chair presented

No. 2720. Reports from the Department of Public Welfare on various cases of distress cited by the Committee on Union Unity League at hearing before Council on Wednesday, January 14, 1931.

Which was read and referred to the Committee on Public Welfare.

#### REPORTS OF COMMITTEES

Mr. English presented

No. 2721. Report of the Committee on Finance for January 13, 1931, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2587. An Ordinance entitled, "An Ordinance directing the City Controller to appropriate and set aside the sum of Two Thousand (\$2,000.00) Dollars from Account 267, Water Bonds of 1926, and Six Thousand (\$6,000.00) Dollars from Account 294, Water Bonds of 1928, to various construction project accounts."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Kambach
Connelley	Little
English	Muldowney
Garland	Herron, (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

DEPARTMENT OF PUBLIC SAFETY

January 21, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Recent investigations and traffic surveys indicate the apparent necessity for certain additional regulations, and it is believed that these proposed regulations will be beneficial and will help materially to expedite traffic movement on and in the vicinity of the streets specified.

I have therefore decided to institute a 60-day trial of the following regulations, effective January 28, 1931:

ONE-WAY TRAFFIC WESTBOUND on Diamond street from Graham street to Ferry street.

NO PARKING AT ANY TIME on Seventh avenue between Bigelow boulevard and Liberty avenue, both sides.

NO PARKING 7:30 to 9:30 A. M. and 4:30 to 6:00 P. M. on Sixth avenue between Smithfield and Wood streets, south side.

NO PARKING 7:30 to 9:30 A. M. and 4:30 to 6:30 P. M. on Forbes street between Shady avenue and Wightman street, north side, and between Wightman street and Murray avenue, south side.

NO PARKING 7:30 to 9:30 A. M. on Brighton road inbound between Island and Columbus avenues, westerly side, and 4:30 to 6:30 P. M. outbound between Columbus and Island avenues, easterly side.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

No. 2770.

January 26, 1931.

Chairman and Members.  
Committee on Public Safety of  
City Council.

Gentlemen:

SUBJECT: Bill No. 2695.

Your letter of the 22nd instant duly received.

The above Bill is an Ordinance to amend

a portion of Ordinance No. 675, entitled, "An Ordinance to amend Paragraph (ii) of Section 2 of the ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh," approved Dec. 26, 1930, insofar as it relates to the prohibition of parking on both sides of Melwood street, from Baum boulevard to Bayard street, and on which your Honorable Body desires a report as to whether we have any objections to the passage of this Ordinance.

Replying thereto, please be advised that the prohibition of parking on both sides of Melwood street from Baum boulevard to Bayard street, has proved to be beneficial to the residents and is very desirable from the viewpoint of traffic flow and safety, therefore, we hereby object to the passage of said proposed Ordinance and trust your Honorable Body will act accordingly.

Yours very truly

JAS. M. CLARK,  
Director.

Which was read.

Mr. Kambach moved

That the bill be recommitted, and the communication be referred to the Committee on Finance.

Which motion prevailed.

Connelley	Kambach
	Herron (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS

Mr. Anderson moved

That the Director of the Department

of Public Works be asked for a report as to how the work is progressing on the improvements being done by City forces, for which the money was provided by Council, and how it compares with work done by private contractors.

Which motion prevailed.

Mr. Kambach moved

That the Minutes of Council, at a meeting held on Monday, January 26th, and on Wednesday, January 28th, 1931, be approved.

Which motion prevailed.

President Herron, at this time, introduced

Mr. Edgar Kaufmann, stating that Mr. Kaufmann had been appointed by Governor Pinchot on the Unemployment Committee in Pittsburgh.

Mr. Kaufmann stated

That he hoped there would be no overlapping of the funds for relief of the unemployed because there are too many in need to have any of the funds misapplied.

The Chair stated

That the City would continue to carry on where apparently it left off last week until such time as this committee steps into the picture and provides the funds they have assured the City they will provide.

Mrs. Rauh stated

That the point Mr. Kaufmann tried to convey to the Members of Council, as Chairman of Governor Pinchot's committee for Allegheny County, was that there should be no duplication of welfare work.

Mr. Connelley moved

That a vote of thanks be tendered to Mr. Kaufmann for his interest in this unemployment problem.

Which motion prevailed.

And on motion of Mr. English

Council adjourned.

CITY OF PITTSBURGH  
PENNSYLVANIA

DEPARTMENT OF PUBLIC WORKS

February 9, 1931.

SUBJECT: New Lock and Dam No. 2,  
Allegheny River.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

A hearing was held on Saturday, January 31st by Col. Bain, District Engineer, U. S. War Department to take testimony on a proposition to construct a new dam and lock known as Dam No. 2, Allegheny River, to replace the existing dam and lock.

The War Department had been previously authorized to construct either a high or low level dam in this vicinity and the location of the dam in either case has been fixed at a point about 1,100 feet below the existing dam which is a short distance below Brilliant Pumping Station.

You have been previously advised that the construction of a new dam in this vicinity will necessitate the expenditure of \$130,000 by the City for the purpose of extending the city's trunk sewer down river so that its discharge will be in the pool below the new dam. This sewer is known as Negley Run sewer. Satisfactory arrangements have been made with the government to minimize the cost of this construction.

If the low level dam is built the water in the pool above the dam will be the same as at present and there will be no effect upon the city's interest except as hereinbefore stated.

If the high level dam is built then the water of the pool above the new dam will be raised about 12 feet. The effect of the raising of the water in the pool upon the City's interest has been estimated after a careful investigation at \$761,000 owing to the effect upon our water works properties and in addition the necessity of extending the sewer as above stated.

The damage to the City's water works is the net estimated damage after making due allowance for reduction of suction head of pump at Ross Pumping Station. The damages resulting from the high level dam result chiefly from the effect of the raising of the pool through the filtered water reservoir and increased operating costs of the filtration plant and the pumping stations due to the placing of certain of the properties and works below the ground water level.

In addition to the actual calculated damage it must be borne in mind that the City has an investment probably of about \$15,000,000 in water works properties in this vicinity (based on reproduction less depreciation) and the effect of the proposed high level dam would be to limit to a certain degree the future development of the City's plant as well as to place a handicap on the operations and to create certain hazards and operating difficulties not now existing.

The Director of the Department appeared at the hearing of January 31st without taking any position whatsoever as to the general merits of the proposition and submitted the above information in a written communication.

The Director further stated insofar as the damage to the City was concerned the City would be opposed to the high level dam.

It has come to our attention that the County of Allegheny is contemplating the construction of a new bridge across the Allegheny River in this vicinity and that one of the arguments for the high level dam would be its utilization as supports for the new bridge thereby attaining an economy.

It is our opinion, however, from such information as we have received from the County engineers, that the new bridge could be built either on the low or on the high dam and that the economy gained by utilizing the high level dam compared with the low level dam is comparatively small. The representatives of Allegheny County took no position at the hearing of the War Department.

The status of the proceedings at present is as follows:

The District Engineer has held the hearing and his report and recommendation to the Chief of Engineers, Washington, D. C., is doubtless enroute.

The matter is or shortly will be under consideration by the Chief of Engineers and Secretary of War.

In view of the foregoing we are submitting this report so that the Mayor and Council may, if they so desire, take such action as appears to be to the best interest of the City.

Yours very truly,

EDWARD G. LANG,  
Director.

By CHAS. M. REPPERT,  
Chief Engineer, D. P. W.

Also

No. 2859. Which were severally read and referred to the Committee on Finance.

Also

No. 2889. Communications from James W. Houston Company, protesting against award of contracts by the Department of Supplies for certain commodities to others than the lowest bidder.

Which was read.

Mr. Kambach arose and said:

Mr. President, I move that a copy of these communications be sent to the Mayor and likewise to the Controller. I deem it wise to do this because it involves an administrative matter. It involves the actions of the

Director of the Department of Supplies, who is the direct appointee of the Mayor, a member of his cabinet, and I believe, in the first instance, it is only fair and just that the matter be referred to His Honor, the Mayor, and the City Controller for investigation.

Mr. Garland arose and said:

Will you ask, Mr. Chairman, for a prompt reply?

Mr. Kambach said:

Mr. Chairman, I hardly think it is within our province to say to the Mayor that we want a prompt answer. He is the chief executive of the City, and it is referred to him, and it involves a matter in which he is particularly interested, and I deem it without our province to ask him to do that.

Mr. Garland said:

Mr. Chairman, I simply think that we should have a prompt reply as to what action is to be taken.

The Chair:

Naturally, that will be done. Mr. Kambach has made a real, dignified request, and it naturally must come back to us.

And on the question, "Shall the communications be referred to the Mayor and the City Controller for investigation?"

The motion prevailed.

Also

No. 2890. Communication from the Borough of Bridgeville, requesting the Commissioners of Allegheny County to improve certain County roads, including the road leading to the Pittsburgh City Home and Hospitals, at Mayview, Pa.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC WORKS

Feb. 4, 1931.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

In accordance with letter of February 3rd from Assistant City Clerk Lindsay, stating that at a meeting of Council held February 2, 1931 the following motion was adopted:—

"That the Director of the Department of Public Works be asked for a report as to how the work is progressing on the improvements to be done by City forces, for which the money was provided by Council, and how it compares with work done by private contractors"—we reply as follows:—

The work by City forces on these sewer contracts is progressing very satisfactorily, one of the contracts being completed and the others progressing. As to the comparison with work done by private contractors on similar work will state that the work with the unemployed is every bit as good as that done by private contractors but same does not progress as rapidly and costs from 25 to 40 per cent more for the reason that contractors use mechanical equipment both to hurry the work and to lessen the cost, whereas the City is doing this work as far as is humanly possible by hand labor and only using equipment where same is absolutely required.

Yours very truly,

EDWARD G. LANG,  
Director.

Mr. John S. Herron, President and Members of Council,

City Council,  
Pittsburgh, Pa.

Gentlemen:

You have asked me for a report on the following Resolution which was read and adopted at a meeting of Council Jan. 6, 1931:

"Resolved, That the City Treasurer and the City Solicitor be requested to advise Council, as soon as possible, whether or not the City's interests have been protected by filing liens on each and every property on which taxes and water rents are delinquent."

With respect to this Resolution, beg to advise that is the practice of the Delinquent Tax Office to lien all properties for City taxes, school taxes and water rents within the third calendar year after the same become Delinquent in compliance with the Act of Assembly in that behalf. This is a set rule of the department and no exceptions are made for anyone and the law is carried out in every case.

Very cordially yours,

ROY D. SCHOOLEY,  
City Treasurer.

DEPARTMENT OF PUBLIC SAFETY

January 22, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Upon making a careful investigation of complaints concerning traffic conditions at the intersection of Baldwin street and East Carson street, we found a very bad curve here and no street lights. To forewarn motorists and keep them from missing the turn, we are arranging to install two self-focusing reflectors at this point.

Holy Angels School is on Baldwin street between Haysglen street and Riverton street and we are erecting two school signs here to protect the children.

As further remedial measures, in view of the heavy traffic through this section and the congestion and dangerous interference caused by the unrestricted parking now existing, I have decided to institute a 60-day trial of the following regulations, effective February 11, 1931:—

NO PARKING AT ANY TIME on Baldwin street from Haysglen street to Broome street, both sides.

NO PARKING AT ANY TIME on Riverton street from Baldwin street to Mifflin street, both sides.

Yours very truly,

JAMES M. CLARK,  
Director.

January 29, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

In order to eliminate unnecessary delay and confusion and to relieve serious traffic congestion at the intersection of East Ohio street and Chestnut street, it is believed that the left turn from the east on East Ohio street to the south on Chestnut street should be prohibited.

I have therefore decided to institute a 60-day trial of the following regulation, effective February 11, 1931:—

No left turn from the east on East Ohio street to the south on Chestnut street.

No. 2908.

Department of Law,  
Chas. A. Waldschmidt,  
City Solicitor.

February 9, 1931.

Committee on Public Safety.

Gentlemen:

In pursuance to your letter of February 3rd as to Bill 2744, File No. 1296, being an ordinance providing for the registration in the Department of Public Safety of the City of Pittsburgh of all persons, firms, corporation and/or their agents and representatives selling goods, wares and merchandise, by sample or description, in hotel rooms, or other places within the City of Pittsburgh for short periods of time, I beg to advise you:

That the ordinance provides for the registration of parties who are selling goods, etc., by description or sample, and to be delivered at a future time. The idea is that the delivery be made in original packages and that it affect persons without the state, or in other words, comes within the Interstate Commerce rule. This ordinance provides merely for the registration and does not place any monetary requirement upon the agent.

I am of the opinion that it comes within the police power of the City to regulate these agents by means of registration, without any fee, and Council has the authority to pass such an ordinance if it so desires.

Yours respectfully,

CHAS. A. WALDSCHMIDT,  
City Solicitor.

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Ayes—Messrs.

Alderdice	English
Anderson	Garland
Connelley	Kambach
	Herron, (Pres't.)

Ayes 7. Noes none.

And a majority of the votes of council being in the affirmative, the bill passed finally.

Also

Bill No. 2804. Resolution authorizing the issuing of warrants for a sum not exceeding \$3,500.00 to care for expenses incurred by Boy Scouts in helping Bureau of Traffic Planning with traffic count, to be charged to Code Account No. 1492, Item B, Miscellaneous Services, Bureau of Traffic Planning, Department of Public Safety.

Which was read.

Mr. Kambach moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	English
Anderson	Garland
Connelley	Kambach
	Herron, (Pres't.)

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

one-way traffic westbound on Locust street from Hooper street to Colbert street; to supplement paragraph (r) of the said Section 2 by providing for no parking at any time on the northerly side of Locust street from Boyd street to Colbert street; to supplement paragraph (e) of the said Section 2, by providing for no parking between the hours of 8 A. M. and 6 P. M. on the westerly side of Hooper street between Seitz street and Locust street."

Which was read.

Mr. Kambach moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No 2877. Resolution authorizing the issuing of a warrant in favor of the Animal Rescue League of Pittsburgh for the sum of \$1,025.00, covering work done during the month of January, 1931, and charging the same to Code Account No. 1458, Item B, Miscellaneous Services, Dog Pound, Bureau of Police.

Which was read.

Mr. Kambach moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times,

and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

#### MOTIONS AND RESOLUTIONS.

Mr. Garland arose and said:

Mr. President, Council has always prided itself on the fact that it never refuses a hearing. Under the law, all hearings must be public. I, therefore, move

That the President of Council arrange a hearing some day during this week to the James W. Houston Company, and any other business men who have like complaints to make, as to discrimination in the awarding of contracts by the Department of Supplies.

Mr. Garland continued:

Mr. President:—The reason I bring this up is that we referred the matter to the Mayor as an act of courtesy entirely. We must remember, however, that under the law, the Mayor and the Director of the Department of Supplies decide as to the placing of all contracts or awards. Under an Act of Assembly the Council is the only investigating body on complaints of this nature, and as the subject-matter of the complaint must inevitably be taken up by Council it seems to me that we must accept our responsibility gracefully rather than be forced into an investigation.

We have never refused a hearing or an investigation by this Council, no matter what the complaint. There are numerous other complaints of a like nature, and people want to come forward and give testimony. We should not refuse to grant a hearing, because as I said before, we should grant it graciously rather than be forced to grant it. It is a courtesy to grant this hearing. According to newspapers and statements by members of Council they are for giving this hearing. My motion is, that we hold a hearing.

Mr. Kambach arose and said:

Mr. President:—I think that is entirely right, but it strikes me we should wait until we get the report from the Mayor and the City Controller, since we have sent it to them.

I do not think anyone wants to refuse a hearing to the interested parties who ask for it. We turned the matter over to the Mayor and we ought to await his report.

Mr. English arose and said:

Let me ask the Chair a question. Have you ever refused to grant a hearing to Mr. Houston?

The Chair said:

I have no knowledge of Mr. Houston asking for one.

Mr. English said:

This resolution is apparently a rebuke to the Council. I am not opposed to giving Mr. Houston or anyone else a hearing on any subject that he desires to discuss with Council. The matter of Mr. Houston's complaint is in status quo, and has not been acted on one way or another. We are daily or momentarily waiting for a report from the Mayor and the City Controller, therefore, we should not take snap judgment in this matter.

Mr. Garland arose and said:

Mr. President:—This is not a rebuke of the President or any member of Council. If any rebuke is coming, I will take it myself. The gentleman asked for an investigation by Council. Council has not done anything.

The Chair said:

The gentleman has not asked for a hearing.

(At this time Bill No. 2889, Communications from James W. Houston Company protesting against award of contracts by the Department of Supplies for certain commodities to others than the lowest bidder, was read.)

The Chair said:

Did Mr. Houston ask, at any time, for a hearing?

Mr. Garland arose and said:

Mr. President:—I said, for an investigation.

The Chair said:

Are there any further remarks?

Mr. Garland said:

I said they asked for an investigation by Council. The only way Council can investigate is to hold a hearing. He asked for an investigation by Council. He did not

ask for sessions with the gentlemen who did these things,—the Director and the Mayor. He did not ask for a hearing before them and did not ask for an investigation by them. He asked for an investigation by Council. You all know there will be a hearing on this, and we should give it graciously rather than be forced to grant it. The law plainly says that the investigation should be made by Council. It was done in a previous complaint against the present Director of Supplies. The idea of referring the matter to the Mayor was just a gesture; it is Council's duty to give every citizen a hearing or investigate any complaint lodged against any city employee. Then, why not give the hearing?

Mr. English arose and said:

Mr. President:—I object to the gentleman's remark about referring the matter to the Mayor and the Controller; he is impugning the motive of Council.

Mr. Garland arose and said:

I did not say the Controller.

Mr. English said:

Mr. President:—I want to get along as peacefully as possible, but under existing circumstances I must reply to the gentleman on my left. I have never refused to turn the light on any subject, but I think it is a little too hasty to pass such a motion at this time when we are awaiting a report from the Mayor and the City Controller. We have already referred the complaint to the Mayor and Controller in an orderly way and we certainly should give them a fair and reasonable time in which to make us a report.

Nobody has ever been refused a hearing, since I have been a member of Council, and no hearing will be denied in this matter or any other matter which requires an investigation. Council, in its wisdom, saw fit to refer this matter to the Mayor and the City Controller, and it is only fair that we give them reasonable time to prepare an answer.

I am afraid that the gentleman and others might entertain the thought that Council will refuse a hearing on this matter. Council, in my opinion, has done the right thing. My thought is to run the business of the City in a decent and orderly way, and no member of Council should attempt to throttle the City Administration; and it is hardly fair to stir up this fuss just to keep things

boiling in the newspapers. I am opposed to any action of this kind at this time.

Mr. Garland arose and said:

Mr. President:—I have not intimated anything of the kind. You will dispose of this thing much more quickly if you fix the time for a hearing than allow it to go over for a week or two. The proper thing is to make an investigation, and an investigation has not been made in the proper manner. The complainant has not been heard in the proper way.

The Chair said:

The gentleman says in his communication, "I trust Council will go into this matter promptly, in a business-like way, not only from the sense of fair play, but to make the taxpayers' money buy what it should." The next day in the newspapers the gentleman was quoted as saying "that Council did exactly right; they put the matter where it properly belongs." He has not asked for a hearing.

Mr. Garland arose and said:

Did you read his later statements?

The Chair said:

I read the statement that he made himself. I never met the gentleman to talk to, but I know so far as we are concerned we never refused to grant a hearing to any person. Yesterday's newspapers said that he would have a hearing in Council, and he would dictate how it would be handled; that he would want the privilege of cross-examining certain persons. I do not know him, but perhaps you do, and I want to tell you that our records are always open to the public. When the Pennsylvania Railroad Company's proposal for extensive improvements was under consideration and the gentleman's property was involved, he was granted a hearing, and I believe the Railroad Company had come to an amicable agreement with him on that. In this instance, he ought to ask for a hearing.

Mr. Garland said:

He has asked for an investigation.

The Chair said:

He said in the newspaper that we did the right thing.

Mr. Garland said:

He is going to have a hearing, whether it is now or later.

The Chair said:

I am not so sure about that. When we get the report it may settle the case.

Mr. Garland said:

There are other cases outside the matter of food. He asked for an investigation by Council.

Mr. Anderson arose and said:

Mr. President:—My reason for seconding Mr. Garland's motion is this: If I had understood that the Mayor and the Controller would undertake the hearing the way they did I would never have voted for the motion. I do not think it was the proper way to get to the bottom of the thing, where the Director's integrity was questioned. The proper place to make the investigation is before Council because this body confirmed his appointment. I feel that a man under suspicion holding a public office by delaying the investigation makes it just that much harder, for him. This matter is eventually coming to the Council. There is no question in my mind of that. There is no question in the mind of any member of Council.

Mr. Chairman, it is not fair to the Director of Supplies. It is not fair to the Controller. The Controller is independent of the Mayor, but it seems to me that the Controller has agreed on the program that was arranged in regard to getting the information, which is desired by that letter, whether it was written to the Council, the Mayor or the newspapers. That does not enter into it so far as I am concerned and never will. I do not think it was the proper thing to do.

I do not think it would please any man in this Council or in business, or any taxpayer, to accuse the directors of the different departments which this Council confirmed and leave it up to their employers to do the things they have within the last week. I am not fearful of this entire subject by bringing it to the attention of Council. The reason I seconded this motion to have this hearing is because I object to the way the matter was handled. Now I suppose their hearings are over and they are preparing a report, and no matter what the result of their findings is, it would not please me because they did not please anyone. Surely they did not please the Director of Supplies. I did not see him quoted in any of the newspapers as to what was done. He is the one under suspicion. A man can be under suspicion, yet not guilty; or in fact, indicted, but not guilty, and he is innocent until proved guilty; and you and

I want this cloud lifted, and the only way to do it is to grant the parties involved a hearing, and the sooner we do it the better. I believe it would be well for the members of Council to sit here and listen to what has been going on and whether the same conditions prevailed before the present Director of Supplies was there. We should have known long ago what was going on, and the Mayor should have known, as he is the head of the government, and must be a party to these contracts. There is no need for having so much secrecy about it. The least you could say about it is they put themselves under suspicion. You cannot ignore this matter when a request for an investigation was directed to the President or this Council. It is the public duty of the Council to recognize complaints of that kind, whether addressed to the newspapers or an individual member of Council. It is the duty of the Council and the friends of the Director to see that these things are brought up in a manner that would give him an opportunity to clear himself, and also the men who are complaining to come here in public and say what they have to say. That is my reason for seconding the motion. I want my position to be clearly understood. I want to emphasize the fact that I do not believe the way in which this hearing was conducted was the proper way.

Mr. Alderdice arose and said:

Mr. President:—It seems to me that we are getting a great deal excited over something that we should not get excited about. I do not think the members of Council are going to run away from this investigation. They have never since I have been a member of Council. We referred this matter to the Mayor and the City Controller, and it is only fair that we should allow them sufficient time to make their report to Council before we hold a hearing. If you will take today's paper, "The Press", which I have before me, Mr. Houston's last statement to the reporters—I will read it to you—it says, "Houston has declared that if the Mayor tries to whitewash the charges, he will ask Council for an open hearing, provided Council will call certain witnesses for him to question, including City officials involved." Now, Mr. President, it seems to me if Mr. Houston is waiting and has made such a statement, perhaps the report of the Mayor will satisfy him, and if it does not satisfy him, I know you and the other members of Council, including myself, will only be too glad

to give him a hearing. But I do not think we should force the Mayor to make his report to us today by going on record declaring for a hearing. If any damage was done it already has been done, and it is for us to correct it in the future. Mr. President, I am not going to vote for this resolution because I think it is a forced resolution, and I am going to wait until we get the report from the Mayor.

Mr. Muldowney arose and said:

Mr. President:—In view of the statement Mr. Alderdice just read, I refuse to vote for this resolution. I do not think Mr. Houston has a right or reason to question the integrity of the Mayor or the Controller in reference to this affair. They promised an investigation, which was made, and they will submit a report to Council, and I cannot see any reason why we should think of a hearing until we hear from the Mayor or the Controller. He may have reasons for saying the Mayor may whitewash this thing, but unless he has some information I do not have, that's an insult, and we ought to ignore it.

Mr. Connelley arose and said:

Mr. President:—There is one thing that my colleagues have not mentioned about Mr. Houston if reports are right. I think as far as newspaper reports are concerned and that is the only information I have, when the Mayor asked the merchants to come into the hearing, they also asked Mr. Houston. Mr. Houston absolutely refused unless the hearing was open. He knows, as Mr. Garland has said, that Council will give anything they have in the open, or any report that is made by any person who is appointed in the Mayor's cabinet when under a cloud. I cannot understand why he refused to go into the hearing that the Mayor had. I believe as some of the other members of Council believe, that we should wait until we receive the report of the Mayor. If, after that, Mr. Houston is not satisfied, Council can then arrange for the investigation. In view of this fact, I hope Mr. Garland's motion will not prevail.

Mr. English moved

That the motion be laid on the table until after the report of the Mayor and the City Controller is received.

Upon which motion, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Alderdice	Kambach
Connelley	Muldowney
English	Herron (Pres't.)

Noes:—Messrs.

Anderson	Garland
----------	---------

Ayes 6. Noes 2.

And a majority of the votes being in the affirmative, the motion prevailed.

The Chair presented

No. 2963. RESOLVED, That the Director of the Department of Public Works be requested to include, in the work to be performed by City forces, the repaving of Camfield street, from about 420 to 440 Camfield street; this portion of the street not being included in the resurfacing schedule, as the street is paved with Belgian blockstone, and, therefore, must be considered as a repaving project.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Also

No. 2964.

WHEREAS, the unemployment situation in the City of Pittsburgh has been one of great importance and one which demanded efficient and financial relief by the City; and,

WHEREAS, the Mayor and the Members of Council realized that financial relief in itself was a dole and did not solve the problem of unemployment; and,

WHEREAS, the Mayor invited a Committee of outstanding citizens of the City of Pittsburgh to cooperate with the officials with a view of devising ways and means to overcome the emergency situation; and,

WHEREAS, a Committee was organized known as the Allegheny County Emergency Association under the direction of Pittsburgh's foremost employers of labor; and,

WHEREAS, this Committee has adopted a plan which was originated and sponsored by Mr. Edgar J. Kaufmann; and,

WHEREAS, this Association is actually at work and putting into force the plan of Mr. Edgar J. Kaufmann, now known as the "Pittsburgh Plan" for the stabilization of employment; and,

WHEREAS, employment of thousands of resident Pittsburghers on projects of much

civic value, in cooperation with the Department of Public Works, will result with funds provided by private subscription, of employer and employees; Now, therefore, be it

RESOLVED, that the Mayor and Council of the City of Pittsburgh, on behalf of the City of Pittsburgh, commend Mr. Edgar J. Kaufmann and the members of the Allegheny County Emergency Association for their praiseworthy work in making for the stabilization of employment which in itself will relieve the stress and strain of the present unemployment situation, and that the City of Pittsburgh pledge its continued cooperation to such Committee in their future activities; and, be it further

RESOLVED, that a copy of these resolutions be engrossed and sent to Mr. Edgar J. Kaufmann.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. Garland moved

That it is the sense of Council that each member contribute his per diem quota to the unemployment fund.

Which motion prevailed.

Mr. English stated

That the County proposes to buy the Wabash Bridge and Tunnel and have them converted into a traffic bridge and tunnel, and moved

That the Director of the Department of Public Works be requested to cooperate with the Allegheny County Department of Public Works, particularly their engineers, with reference to converting the Wabash Railroad Bridge and Tunnel (recently purchased by the County Commissioners) into a vehicular bridge and tunnel, and render whatever assistance the City can to make these structures available at the earliest possible date, to the citizens of Pittsburgh and Allegheny County.

Mr. Anderson moved

To amend the motion by adding

And the County be requested to keep the City informed from time to time as to the progress of the work.

Which motion prevailed.

And the question recurring on the adoption of the motion, as amended.

The motion prevailed.

Mr. Muldowney stated

That he had been late in arriving at the meeting and asked that he be recorded as voting Aye on all roll calls.

And the Chair stated

As there were no objections, Mr. Muldowney would be so recorded.

The Chair presented

No. 2965.

WHEREAS, The citizens of the Borough of Homestead and certain citizens of the City of Pittsburgh are desirous of having the County of Allegheny construct a high level bridge connecting the Borough of Homestead and eliminating the dangerous grade crossings in that Borough, and extending over the Monongahela River to the City of Pittsburgh via Browns road; and,

WHEREAS, This bridge if constructed would be paid for by the County of Allegheny and would be of great benefit to both the Borough of Homestead and the City of Pittsburgh; Therefore, be it

RESOLVED, That the Department of Pub-

lic Works and the Department of City Planning be and they are hereby requested to assist the County Department of Public Works and the Borough officials in the preparation of such plans as may be necessary for this project, in order that the execution of this much needed improvement be expedited.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. English moved

That the Minutes of Council, at a meeting held on Monday, February 9th, 1931, be approved.

Which motion prevailed.

The Chair stated

That there would be a special meeting of Council on Wednesday, February 18, 1931, at 2 o'clock, P. M.

And on motion of Mr. Kambach

Council adjourned.

No. 3004.

CITY OF PITTSBURGH

Mayor's Office

February 24, 1931.

To the President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

On February 9th, 1931, I received the following communication from your honorable body:—

"At a meeting of Council held today, Bill No. 2889, Communication from James W. Houston Company, protesting against award of contracts by the Department of Supplies for certain commodities to other than the lowest bidders, was read and referred to the Mayor and City Controller for investigation";

also enclosing copies of two letters bearing dates of February 5th and February 7th, signed by John D. Houston.

Pursuant to your communication, I have the honor to inform you that upon receipt of the same I immediately got into communication with Dr. James P. Kerr, City Controller, and after reading the two letters of complaint, we immediately began to investigate the complaints of Mr. Houston, and in addition thereto, the practice of the purchasing department, especially relative to the specifications for supplies and the mode of procedure in regard to the purchase of the same.

We obtained a great deal of valuable information relative to the purchasing of supplies from practically every large wholesale

establishment in the City of Pittsburgh, who came to the conference at my suggestion, with the exception of a representative of the James W. Houston Company, who heard the letters read, and their advice and good business judgment was sought, and none of whom had any complaints whatever as to prices paid or non-obtaining of contracts at any time. They were pleased to learn how the canned goods were selected, as explained by the Superintendent of Mayview, where the cutting was done, and approved of the same, to-wit:— In the presence of a representative of the Department of Supplies, Department of Welfare, the Controller's Office, the Superintendent of Mayview, a cook and dietician of Mayview, the cans all being covered so that no labels could be seen, and numbered by the warehouseman, and after careful examination of the samples by all, they were first selected as to quality and quantity in each can, and after considering the quality and quantity and quotation of prices, the award was made.

Mr. Houston also complains that the bidders do not receive notice of the awards for a period of fifteen or twenty days after the bids are filed. Even though this statement be true, evidently the gentleman is ignorant of the duties of this office. When one thinks of the many thousands of dollars' worth of supplies that are purchased, varying in nature from a steel casting to a paper of pins, and requisitions numbering into the hundreds from every activity in the City's life and many articles to be purchased unknown to the Department where thousands of letters are sent out annually for inquiries relative to the same and monthly inquiries as to the prices of different commodities, and also with the small clerical force, one can well understand, in the absence of bias, why there might be some delay of notification to the successful bidders.

In objecting to the quality of food given to the poor and unfortunates who are committed to Mayview, Mr. Houston has evidently forgotten that practically all of the unfortunates of this institution are weak physically, many confined behind closed doors, hundreds in the hospital, which is always over-crowded, many of whom will never leave the same and require special care. Who of us in this great community, in good health, would say, "You did not pay, you are a charge to the community and anything is good enough for you". Thank God we do not live in a barbaric age, and may I say, it is the aim of this City in every way to alleviate the conditions of these unfortunates

and administer to their needs as long as they are reasonable.

After an investigation of the charges in the letters we make the following findings:—

We find that the nourishing qualities of the pink and the red salmon are the same, although the red is higher in price, but the amount purchased is so infinitesimal and only used on "Fish Day" when the supply of fish is inadequate, which rarely occurs. We recommend that in the purchase of salmon that the red salmon be discontinued and pink only be purchased.

We find that during the year 1930, that there was not a call for any canned goods samples from the different bidders in this community and the reason given therefor was that there was a falling market and it is not good business to buy goods in a falling market. But, even though it may not be good business to buy in a falling market, likewise it was not good business to have no cutting for 1930, so that the quality and quantity of food contained in the cans could be ascertained.

We find that the Department of Supplies is still adhering to the old customs relative to inquiries for prices on contracts and form of specifications which, to our mind, are antiquated and should have been remedied many years ago.

We find that a new system should be inaugurated in order to invite greater and fairer competition. That there should be a standardization of specifications for the purchase of supplies for the City so that all bidders may be intelligently informed of the article desired.

We find that poor business judgment has been exercised by the Director of the Department of Supplies in not correcting many defects in the mode of purchasing of supplies and the running of his office and that many visible irregularities have been permitted to continue.

Respectfully submitted,

CHARLES H. KLINE,  
Mayor.

JAMES P. KERR,  
Controller.

Which was read.

Mr. Kambach moved

That the report be referred to the Committee on Finance, and a copy furnished each member.

Mr. Anderson arose and said:

Mr. President, I stated a week or so ago, that the report of the Mayor would not satisfy me. Now, I am satisfied that it don't satisfy anybody.

The Chair said:

Don't jump at conclusions. You only heard the first chapter. We have another communication from His Honor, the Mayor, which the Clerk will read.

Also

No. 3005.

CITY OF PITTSBURGH

Office of the Mayor

February 24th, 1931.

To the President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

By virtue of the poor business judgment that has been exercised by the Director of the Department of Supplies, in not correcting many defects in the mode of purchasing of supplies and the running of his office, and many visible irregularities that he permitted to continue in the conduct of the affairs of his office, I take this means of informing you that on February 20th, 1931, I dismissed the said Director of the Department of Supplies, Mr. B. L. Succop, from further duties of the said office.

Respectfully yours,

CHARLES H. KLINE,  
Mayor.

Which was read.

Mr. Kambach moved

That the communication be received and filed, and a copy furnished each member.

Which motion prevailed.

Mr. Garland arose and said:

Mr. President:—I would like to ask a question. Does this dismissal become effective without the consent of Council? The appointment was made by the Mayor and approved by the Council. I would like to know if any action is required by Council.

The Chair said:

The precedent has already been established in the dismissal by Mayor William A. Magee of his Director of Public Works, Joseph G. Armstrong.

Mr. Garland arose and said:

Was the dismissal accepted?

The Chair said:

You were a member of Council at that time.

Mr. Garland said:

I am referring to the present case. Was this dismissal accepted by the party to whom it was addressed?

The Chair said:

I cannot answer that. I am hearing it for the first time.

Mr. Garland said:

Before voting on the motion to refer this matter, I would like to know the purpose of its reference to the Finance Committee. Is it the desire to discuss the various phases outlined therein?

Mr. Garland said:

Mr. Kambach, as the maker of the motion, do you object to an interrogation?

Mr. Kambach arose and said:

Mr. President, This matter is of such importance that it requires careful consideration by Council, and this should be done in an orderly procedure. In the committee it can be discussed and there we can decide as to our future course.

Mr. Garland arose and said:

Mr. President, I cannot altogether agree with the intention. Council is the court of last resort, and it is important enough to be talked over in Council.

And the question recurring on the motion of Mr. Kambach to refer to Finance Committee and to furnish a copy to each member.

The motion prevailed.

The Chair said:

The only question before the body is a communication from the Mayor. It has been received and referred to the Finance Committee.

Mr. Garland said:

Mr. President, the answer and action taken by the Mayor does not satisfy me, as a member of Council, and it is my purpose to insist upon a public hearing being given to not only the complainant in the communication before us, but all persons who have complained through the newspapers and to members of Council—for instance, the men who bid on the meat contract and all those other things, which are despicable in every way, and costing thousands of dollars to the taxpayers. The only way to thrash it

out is by a public hearing, and I think it is the duty of Council to grant that hearing. The communication was sent to Council. We can decide today as well as tomorrow.

Mr. Alderdice arose and said:

Mr. President, I do not think there is a member in Council who has not said the same thing—that a hearing should be held. Just last week when this matter was up in Council each and every member agreed to give Mr. Houston a hearing when he has asked for it. As far as you know, as President of Council, no one has asked for a hearing. I, as one member of Council, as Mr. Garland has said, will grant a hearing to any reputable citizen of Pittsburgh who thinks he has been wronged or an injustice has been done the City. I do not think it wise to give a hearing now.

Mr. Anderson arose and said:

Mr. President:—It makes very little difference to me whether the hearing was asked for by Mr. Houston or not. It seems at least that there has been money wasted, to say the least about it. I think we ought all be concerned about that. I think it is our duty—the duty of the Council—to call people before them and get whatever information it possibly can in regard to the waste of the people's money. I do not know why any member of Council should stand on the floor of Council and say it is not his duty to investigate charges of this character.

Mr. President, I hope you will allow me to continue, as you allowed Mr. Garland and Mr. Alderdice to speak—and I don't think they were hewing to the line. I stated a week ago in regards to this investigation, I opposed the way it was held, and I do not think I could bring myself to agree with any report of an investigation that was held behind closed doors. I don't think the Council should have meetings of this kind, and I don't think the Mayor or Controller should. I think it is the duty of Council to call these people in. We should not wait until somebody asks us, or calls our attention to the fact that it is our duty to investigate these matters.

I do not think I heard anything, in the Mayor's report of stopping this condition. It is more the reason why we should have a hearing and tell the heads of all departments, if it is necessary, how to conduct the business of their department. The idea of having a rule in an office that it is not necessary to have competitive bids on orders of \$500.00 and less. Under this rule they

could split an order in a 100 different ways so that the favored contractor would get the order. That is what I oppose, and the Mayor should have made some recommendation on this aspect of the case.

The Mayor says this has been going on for years. The Mayor has been Mayor for six years. Some members of Council have been in office for sixteen years. I don't think the members of Council knew of these things. I know I didn't, or I would have called it to the attention of Council, and called it to the attention of the public, because it is public business. It is not the money of the Council we appropriate. It is the taxpayers' money and it is our duty to see that that money is spent lawfully and for the benefit of the people of Pittsburgh.

Mr. President, the Mayor and the Controller should at least have made some recommendation to the Council, or should tell the directors of every department that this practice must be stopped, for every department is run the same in regards to the letting of contracts. If the Mayor does not stop it, then this Council should stop it, and for no other reason than this, we should find out what is going on; and if it has been going on for years, as the Mayor says, it is the duty of Council to stop it. We should not wait until someone calls it to our attention. When they do call it to the Council's attention, it is our duty to set a hearing and invite anyone who wishes to say anything to appear, and from the information obtained in this manner, we can make some recommendation, or at least see that the departments discontinue awarding contracts the way they have done heretofore.

Mr. President, I think in all fairness to Mr. Succop this hearing should be held. He should be invited to the hearing and tell his story. If these things have been going on for years he is no more guilty than the director who served before him. We should know these things, and I don't think there is a man in Council, or a man or woman in the City who would not want to stop what has been going on for years.

Mr. President, I move that the Chair set a time for a hearing and Council invite all the people who are so much interested in this question.

I know I am; and I am willing to sit down and listen to what these people have to say and out of it try to devise some ways to at least stop this condition which has been going on for so many years.

Mr. Garland arose and said:

Mr. President, in seconding Mr. Anderson's motion, it was my intention to bring up my motion of last week, that the President of Council fix a time for a public hearing. We might as well get through with this thing. It has been protracted long enough, and will be in the newspapers until the Council sees the necessity for a public hearing. It is not only the complainants who have written to Council, but many others have complained to the members of Council. I do not wonder that all the members of Council have been importuned for hearings, and according to the manner in which those will present their case, others will come in.

The Mayor in his report says that all those who appeared, except Mr. Houston, were invited to the conferences held by him and the Controller. I know one very reputable citizen who sold goods to the City in times past refused to go to the hearing. I will mention his name at the proper time, or I will give it to the members of Council, without making it public at this time. He would not appear at the hearing, because it was not public.

Under the Act of 1911, Council must give public hearings and give it to all kinds of people. This has been done in the past, and we even gave a hearing to Communists in this room. This Council would rise to the occasion if it would pass this motion today, that the President of Council fix a public hearing. If Mr. Succop wishes to attend that hearing, he is a citizen of Pittsburgh, he can do so. I believe that Mr. Succop is more sinned against than sinning. We know that awards of contracts are not made by the director alone, but by the Mayor also. It seems that the members of Council should awaken to their public duty and pass this motion and have a hearing.

This thing of referring it to the Finance Committee is one thing and a hearing is another.

Mr. Kambach arose and said:

Mr. President:—I believe I fully realize my duty to the public in this instance, and I will not take a back seat for anyone who insists upon a real investigation in this matter if we need it. I do not think this is the orderly way of doing it, and that was the reason for my motion, to refer the matter to the Finance Committee. I am just as firm as the preceding speakers in insisting that the rights of the taxpayers be pro-

ected. That is my answer to the charges made by the previous speaker.

Mr. Connelley arose and said:

Mr. President:—When I came into Council I realized the duties of a councilman, and when this matter came up to the Council everyone in my hearing knew that we must give a hearing to the public who so desire it. The delay, as Mr. Kambach, my colleague has said, is due to an orderly procedure. There is nobody so far as I know who has any idea of not giving the interested parties a hearing. This is the orderly way of doing it, and I assume that is what we are going to do. When the Mayor, who is the high official of the City, asked the men who are complaining to come to his office and have a hearing with the Controller, should take their report and recommendations and act on them in an orderly manner. Now anybody who studied the law and the actions of a councilman and his duty realizes that they must live up to their sworn duty and give hearings; and I do trust in our body that there is no feeling existing that Council will not go to the bottom of this to learn what has been going on. In the communication the Mayor has said, as I heard it, that for years the system has been bad. That does not mean that anybody was doing things that were dishonest. In all large corporations and municipalities research men are appointed to work out the best systems possible for the conduct of the business of these organizations and municipalities; and in this case, from what I glean from this report, when the new system is put in operation it will be worth while. So far as I am concerned, I am willing to grant a hearing and let the chips fall where they may. It is our sworn duty to protect the citizens of Pittsburgh and to see that all City employees do their duty right.

Mr. Garland arose and said:

Mr. President:—The previous speakers talk about orderly procedure in Council. These gentlemen cannot tell me what the orderly procedure is in Council, because I know. This body is the Council itself—a committee is a branch thereof. Reference to the committee delays the entire matter. It is all right to refer matters to the committee on which an affirmative or negative action is required; but we are here as the body of Council. We have the Mayor's letter and some of us are not satisfied with it. It does not go far enough. Statements have been made on the floor of Council that no hearing was asked for by the complainant.

I say a hearing was asked for. What is an investigation but a hearing? The communication from the Houston Company was addressed to the Pittsburgh Council. It asks for an investigation. What is an investigation but a hearing by Council? We cannot have an investigation without a hearing by the complainants. The communication from Mr. Houston is carefully written. It asks for an investigation. It does not ask for an investigation by the Mayor. He is one of the parties complained about. It was only a gesture of ours to refer Mr. Houston's letter to the Mayor. I think you gentlemen have asked for an investigation by Council, not by the Mayor. As to the orderly procedure of Council, I do not intend to have two newer members tell me what that procedure is. When Council meets here it is a meeting of Council. When Mr. Houston wrote in he asked for an investigation, and I say again that investigation cannot be had without a hearing. A hearing was what Mr. Houston had in mind and he has been refused a hearing.

The Chair said:

You have repeatedly stated that Mr. Houston asked for a hearing, and today you say an investigation. In his own language Mr. Houston says, "I trust that Council will go into this matter promptly in a business-like way, not only from a sense of fair play, but to make the taxpayers' money buy what it should."

We in an orderly manner referred it to the Mayor and the Controller. Last week you were not satisfied with the amount of time allowed them to make their report and insisted upon a hearing. We told you to abide your time and wait one more week, and today we have the report from the Mayor and Controller. They report that they delved into this complaint and the Mayor tells you that he is correcting this by the most drastic means at his command. You stand here trying to give a false impression. I believe you are dissatisfied with the report of the Mayor in that you believed it would be a whitewash. I still insist that there is no request here from Mr. Houston or anybody else demanding a hearing. The request is that Council go into this matter in a business-like way. After Council's reference of the complaint to the Mayor, Mr. Houston is quoted in the Post-Gazette as saying, "Council did the right thing. They put the responsibility where it belongs." Now, sir, I want you to remember this. I think there

is one gentleman disappointed at the results. Gentlemen, tomorrow at Finance Committee this matter will be brought up in the proper way.

Mr. Garland arose and said:

Are you doing that?

The Chair said:

Yes, and you know it.

Mr. Alderdice arose and said:

Mr. President, I would not vote today for this motion, because I do not think it is fair to you, Mr. President. In the eight years I have been in this Council this is the first time that I ever saw any action taken to force the hand of the President. We always had enough respect for the President to do his duty, and every case that came into this Council we were always satisfied with the way the President handled it. Mr. Garland and Mr. Anderson know that no hearing has been asked. I think it is trying to force your hand and the Mayor's hand to put this motion over. I am perfectly willing to vote for a hearing at the proper time, but I do not think the time is today.

Mr. Anderson arose and said:

Mr. President, Mr. Alderdice insists upon saying that we are trying to force the hand of the President of Council. Such is not the case. I do not agree with the Mayor's report. The discharge of Mr. Succop does not satisfy anybody. The members of Council thought enough of Mr. Succop when the Mayor appointed him to confirm him. Therefore, we are greatly concerned about his action for it was necessary under the law for Council to confirm his appointment.

Mr. President, that is not a fair or orderly way to do things. There is no man who would try to tell the public that it is the orderly way for the Council to do their duty. If the gentleman is discharged, and that is no affair of this Council, and the Mayor did not even have to report it to Council, because it is not necessary for the Council to act upon a dismissal of any employe by the Mayor. It never happened before and I do not see why it is here. But as long as it is here and becomes a part of the records of the Council, I want to say again that I do not agree with it. I understood from good authority that Mr. Succop wished to appear before the Council. I also understood that Mr. Succop was asked to resign and he refused to resign. That in itself is sufficient reason for this Council to go into a hearing

and investigation if you wish to call it that. I wish to repeat again, that it makes no difference to me if every man and woman in the City of Pittsburgh was silent about a wrong, I would insist upon sifting it to the bottom.

The Chair said:

Gentlemen, you have heard considerable debate on this question. Are you ready for the question?

And the question recurring on the motion offered by Mr. Anderson,

That the Chair set a time for a public hearing for all those who desire to be heard on the question.

The ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Anderson Garland

Noes:—Messrs.

Alderdice Kambach

Connelley Herron (Pres't.)

Ayes 2. Noes 4.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Herron, (Pres't.)

Ayes 6. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

#### MOTIONS AND RESOLUTIONS

Mr. Anderson stated

That on last Monday and numerous other occasions he had made a motion asking for a report as to amount of money expended for picks and shovels in the work being done by City forces, and as yet had been unable to get a reply.

The Chair stated

That Mr. Schilpp expected to have the report for this meeting, but that the Chair would send the sergeant-at-arms to see if the report were ready.

Mr. Anderson moved

That Council be furnished with a report, at an early date, as to the names and addresses of laborers in the several departments of the City service.

Which motion prevailed.

The Chair presented

No. 3010.

WHEREAS, The American Reduction Co. has made an offer to settle the claim of the City of Pittsburgh against it at No. 556 October Term, 1929, in the Court of Common Pleas of Allegheny County, Pa., having to do with money paid to said company by the City under contracts between them for the collection of rubbish and garbage for the years 1921 to 1927, inclusive; and,

WHEREAS, The City also has a claim for the year 1928; Now, therefore, be it

RESOLVED, That the City Solicitor and the City Controller shall be and they are hereby authorized and directed to settle all claims against the American Reduction Company and the Estate of George H. Flinn, deceased, involved in the American Reduction Company controversy, as well as the suit at No. 556 October Term, 1929, and to take such appropriate proceedings as may be necessary therefor upon the American Reduction Company paying to the City the sum of \$375,000.00 in the manner as follows:—

The sum of \$300,000.00 upon the settlement of the proceedings in Court and the further sum of \$15,000.00 on or about the first day of April, May, June, July and August, 1931, being in full the further sum of \$75,000.00.

The American Reduction Company is to

give a receipt in full for all moneys due it from the City of Pittsburgh under and by virtue of the contract of 1928, and especially a receipt in full for the month of December, 1928, amounting to \$106,338.08.

In consideration of the foregoing the City Controller shall release all moneys held by him and due the American Reduction Company, especially the warrants for the months of May and June, 1929, amounting in all to about \$276,000.00, and the City shall cease to have any claim either for the period covered by said suit or for the year 1928.

The Colonial Trust Company as Trustee under and by virtue of the Agreement dated the 27th day of September, 1929, wherein the Colonial Trust Company as one of the Executors under the Will of George H. Flinn, deceased, and in trust for the City, agreed to hold certain funds of the George H. Flinn Estate to secure the payment of any recovery by the City in reference to the American Reduction Company matter, is authorized to release said securities immediately to said Estate upon the payment of the aforesaid \$300,000.00 to the City of Pittsburgh.

DEPARTMENT OF LAW  
Chas. A. Waldschmidt  
City Solicitor

February 24, 1931.

Council of the City of Pittsburgh.

Gentlemen:

In reference to Bill No. ...., being a Resolution authorizing the City Solicitor and City Controller to settle the City's claim against the American Reduction Co., I beg leave to report as follows:

In the matter of the settlement of the garbage and rubbish controversy, this has been agreed upon between counsel for the City and counsel for the American Reduction Co. and George H. Flinn Estate. We believe the settlement is very reasonable and E. W. Smith, special counsel for the City of Pittsburgh, joins with me in recommending the settlement for your favorable consideration, so that I will have authority to act in behalf of the City in this matter.

Respectfully yours,

CHAS. A. WALDSCHMIDT,  
City Solicitor.

Union Trust Building

Pittsburgh, Pa.,

February 17, 1931.

Charles A. Waldschmidt, Esq.,

City Solicitor,

City-County Building,  
Pittsburgh, Pennsylvania.

Dear Mr. Waldschmidt:

I have just heard from you over the telephone that the defendants in the suit of the City of Pittsburgh against the American Reduction Company et al., have made a proposition of settlement as follows:

\$375,000. to cover the years from 1921 and to 1927, inclusive; and the amount of the rebate for the year 1928 shall be fixed at the amount which the City has in its hands covering this rebate, which I think is a little over \$106,000. Of the \$375,000., \$300,000. to be paid in cash; the manner of the payment of the balance of \$75,000. to be agreed upon by Council.

This offer, under all the circumstances, I think is one which we should recommend to Council for acceptance, and this I do.

Very truly yours,

(Signed): EDWIN W. SMITH.

Which was read, received and filed.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Mr. Anderson moved

That the Clerk be instructed to secure a copy of the Bill introduced in the State Legislature relative to incinerators for the City of Philadelphia, and if it provides for Philadelphia to obtain such incinerators at the expense of the State, similar legislation should be obtained for Pittsburgh.

Which motion prevailed.

Mr. Alderdice moved

That the Minutes of Council at a meeting held on Monday, February 16th, and on Wednesday, February 18, 1931, be approved.

Which motion prevailed.

And on motion of Mr. Anderson

Council adjourned.

CITY OF PITTSBURGH  
DEPARTMENT OF PUBLIC SAFETY

February 26, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Supplementing my letter of January 21 to your Honorable Body, instituting a 60-day trial of No Parking 7:30 to 9:30 A. M. and 4:30 to 6:00 P. M. on Forbes street between Shady avenue and Wightman street, I have decided to discontinue this regulation, effective at once, because of the inconvenience which this regulation causes residents of the section affected thereby.

Yours very truly,

JAMES M. CLARK,  
Director.

Which was read, received and filed.

Also

No. 3055. Communication from Eliza K. Smith, Chairman, Allegheny County League of Women Voters, transmitting copy of resolution adopted by the Executive Board asking that an investigation be made of all supply and food contracts during the past six years made by the Department of Supplies.

Which was read.

Mr. Andereson arose and said:

Mr. President, I move that the communication be received and filed, and the request granted.

Mr. Kambach arose and said:

Mr. President, It strikes me as this matter—

The Chair said:

Are you rising to second Mr. Anderson's motion?

Mr. Kambach said:

No, sir; I am not.

Mr. Anderson arose and said:

Mr. President, I wish Mr. Garland were here. He would second the motion.

The Chair said:

There being no second to the motion, the Chair will recognize Mr. Kambach.

Mr. Kambach said:

Mr. President, I move you that the communication be referred to the Committee on Finance, where all these matters have been referred, for action.

The Chair said:

Would you mind if I had this communication from the City Controller read before you take a vote?

Mr. Kambach said:

I have no objection.

The Chair presented:

No. 3056.

DEPARTMENT OF CITY CONTROLLER

Pittsburgh,

February 28, 1931.

To the President and Members of Council.

Gentlemen:

In answer to the request of the Finance Committee, of February 25, 1931, I am writing to you of the progress of our work in connection with the Department of Supplies.

As a result of our investigation we have already corrected a number of irregularities in the purchase of commodities that were immediately apparent.

We have enlisted the aid of the Pittsburgh Bureau of Governmental Research in preparing a plan for the complete reorganization of the Department of Supplies, and we expect very shortly to be able to submit their report to you. Their report will cover not only the reorganization of the Department of Supplies but provide a procedure by which the work of that department will be better coordinated with the rest of the City departments.

At the suggestion of the Research Bureau we have already written to the Department of Commerce of the United States, and to several cities, notably New York, Detroit and Cincinnati for copies of their standard specifications. Upon receipt of these specifications we will have before us the best practices of the various governmental bodies and will be able to develop specifications which will insure open bidding and fair competition.

Very truly yours,

JAMES P. KERR,  
City Controller.

Which was read.

Mr. Kambach arose and said:

Mr. President, I would include this communication in my other motion.

Mr. Anderson arose and said:

Mr. President, I do not intend to vote for this motion. I don't think it is a question of finances and it should not be handled by the committee. It has been the expression of the individual members of

Council in this case, for open hearings.

Mr. President, this is just another delay. I don't know why the Council wishes an action of this character, for eventually this matter is coming before the Council. There is a request made and it is so positive that it cannot be denied that this organization wants a hearing, or wants an investigation. That is very plain to me and it should be to the members of Council.

It has been stated by each and every member of Council that a hearing was never denied an individual who requested it. Here is an organization that represents thousands of people—in fact the women in this organization are the women who are most active in the affairs of the City of Pittsburgh.

Mr. President, this Council should not delay a communication of this kind or a request rather. This is a question that should not be overlooked or delayed in any way. We are facing what we may call a demand on this Council for action.

It is very evident to everyone who is concerned about a serious question of this nature that the officials who are conducting the business for the City of Pittsburgh should take some notice, make some recommendations, in regards to a readjustment, or in regards to conducting the affairs of a department in a different way.

We all know the Controller is to do these things, but that is not the question now. That communication does not mean anything to the people who are really concerned about the information they desire. We all expect these things in all questions of such importance coming before the legislative body.

This is the legislative branch of the City government, nine members of Council, and each and every one are one-ninth part of that government, and why shouldn't we attend to the affairs of the Council, which the law gives us the right to do.

This matter originated in the Council and should be settled in the Council. I cannot for the life of me see why this should be referred to the Finance Committee. There is no financial question involved with regard to readjusting the activities of a department. I do not know what that means to the Finance Committee.

This question that we are acting on—this request—is a matter for the Council. Each and every member of Council is a member

of the Finance Committee. Each and every member of Council understands what this organization wants, and the members of Council should decide it here, as a matter of Council. We should not refer important legislation of this character to committee while we are all sitting here as members of the legislative body of this government.

I venture to say this in regards to Mr. Garland. I think he would be in accord with the motion I have made.

I think the action we are taking here is to delay the request of this organization. The least that can be said about it is that we are evading the question. However, I don't think that is a fact, because as I stated before, every member of Council stated that he was willing to have a hearing. Then, why delay it?

This organization is represented here today by many of its members—the officers of the organization—who acted on this question, and they are here today wanting to know what the Council is going to do, and it is only fair to them to tell them whether you are going to have a hearing, or whether you are not going to have a hearing. I do not think a member of that organization would be satisfied with some recommendations that the Controller makes in regards to the conduct of the different directors and the different departments.

I dwelt at great length last Wednesday in committee meeting on dividing contracts in a way to be within the law. The directors of the different departments of the City of Pittsburgh could grant contracts, divide them in such a manner, that they could grant contracts to favored contractors, down to an amount of \$500.00, which is all wrong, which, if the Controller is quoted right in the newspapers, that very thing has been going on not only in this department, but in all departments where the Controller says he has stopped it.

I suggested that the Mayor give instructions to his directors not to make provisions of this character, and I was told it was the law and it must be done and all that. I don't know why a director of any department would take and divide a \$10,000.00 contract, buy canned goods and then store them. I don't think that is the right way to run the affairs of the city. I don't think it is necessary to have recommendations from the Controller on that.

Mr. President, we are requested, and before we are through if we don't act in the very

near future, it is going to become a demand on the Council. Our duty is very clear.

I am not going to vote for Mr. Kambach's motion. I don't think it is the right motion, but I am not going to quarrel with the other members in regard to the way they vote.

I say honestly I miss Mr. Garland today. I think it would have only been a courtesy to me for some member of Council to second my motion, if for no other reason than to express our thoughts in regard to what we are making motions for or what we are trying to do here. I do not think it would make very little difference to me if I were opposed to any legislation of any character that any member would bring before the Council, I would at least give him a chance to tell the reason for making the motion. This is not the first time when there were eight members—there are only seven present today—when I could not get a second to a motion. I have been in the same position when nine members were present. I have no quarrel with the members of Council. It is my thought that the Council is eventually going to grant this request; and therefore, Mr. President, I don't feel I should vote to refer this matter to a committee. It originated in Council and should be settled here.

The Chair said:

Ladies and Gentlemen:—I hope it will not be necessary for me to admonish you again that this is a legislative body.

You are welcome here and we have tried to show you every courtesy. You should not, by your demonstration, attempt to influence the members of Council.

No matter how enthusiastic your reactions to the speeches may be, I want to ask that there be no more demonstrations. I would kindly ask you to refrain from any applause.

I might say to the ladies we are all familiar with your communication. You saw fit to send it to the newspapers before you sent it to us, but we expect to be courteous to you even though you were not to us.

Mr. English arose and said:

Mr. President, I regret that before such a large and intelligent audience it is necessary for any member of Council to tell the proceedings of the Council. The last speaker (Mr. Anderson) would indicate by his remarks that questions of this kind and character are settled with snap judgment in this Council. I hope nobody in the room is

deceived by such claptrap and political skull-duggery, because the gentleman and everybody knows that the other papers relating to this matter of the Department of Supplies have been referred to the Finance Committee. In the committee the discussion is more free and open and not so formal as in Council. But unfortunately when one is making a political speech as a campaign speech he does not speak as he would if he were in committee meeting, when statements are made back and forth across the table. There is no publication or stenographic record made of committee procedure as there is of the formal Council meetings. For that reason, I will defer answering Mr. Anderson until tomorrow when, in committee, I will speak more freely. I hope Mr. Anderson will be there.

Mr. Anderson arose and said;

I will be there.

Mr. English arose and said:

Mr. President, I hope his record shows he has been there and he will be tomorrow and in the future.

Mr. Anderson arose and said:

That applies to the gentleman also.

The Chair said:

Are there any further remarks?

And the question recurring on the motion to refer Bill Nos. 3055 and 3056 to the Committee on Finance, Mr. Anderson asked for a call of the Ayes and Noes.

The Chair said:

I want you to listen to this to show you that I do not make any mistake.

Mr. Anderson arose and said:

You are trying to be a little sarcastic, but you are not a damn bit funny.

The Chair ordered the Ayes and Noes to be taken, and being taken were:

Ayes:—Messrs.

Alderdice	Kambach
Connelley	Little
English	Muldowney
	Herron (Pres't.)

Noes:—

Mr. Anderson

Ayes 7. Noes 1.

And a majority of the votes being in the affirmative, the motion prevailed.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

March 3, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

The traffic flow on Chateau street is very heavy during the morning and evening peak hours, and unrestricted parking on both sides of the street constitutes interference with the desired maximum movement of traffic along this busy thoroughfare. Moreover, when the Ohio River boulevard is thrown open, the traffic on Chateau street will be considerably increased.

I have therefore decided to institute a 60-day trial of the following regulations, effective March 11, 1931:—

No Parking 7:30 to 9:30 A. M. on Chateau street from Western avenue to Blevins street, west side.

No Parking 4:30 to 6:30 P. M. on Chateau street from Western avenue to Blevins street, east side.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

Also

No. 3123.

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

March 3, 1931.

President and Members of City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

Because of the unusually heavy traffic on Twelfth and Thirteenth streets, which are narrow, three-lane streets, and the frequent-

ly serious interference and consequent dangerous hazards to moving traffic created by the present practice of unrestricted parking on both sides of these two streets, I have decided to institute a 60-day trial of the following regulations, effective March 11, 1931:—

No Parking 7:30 A. M. to 6:30 P. M. on Twelfth street from Liberty avenue to Pike street, west side.

No Parking 7:30 A. M. to 6:30 P. M. on Thirteenth street from Liberty avenue to Pike street, west side.

Yours very truly,

JAMES M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read, received and filed.

Also

No. 3124. Communication from the Department of Public Works, advising of award of contract under date of February 26, 1931, to the Sunlight Illuminating Company, for street lighting.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Garland arose and said:

Mr. President, I will make the same remarks on both of these bills.

I would like to say in regard to these bills, they may be all right, and probably are, but it seems to me in the light of recent and present events it would be the part of wisdom to hold them in Council until we get a little further along.

We ought to have a check up, for example, by the Citizens' Auditing Committee, and should have an opinion from the Law Department as to their legality. In view of recent decisions, I might say Scranton for one, I do not know whether we will be within our rights in passing these resolutions at this time. It will do no harm to hold them over for a week to get this information.

I do not mean to hold these people out of their money. That is not my intention. They will be paid.

I have voted for many of these bills before, so have all the members of Council, and I thought then that we were within our legal rights in doing so, but I do not think we should act hastily on these bills.

I therefore, move you, Mr. President, that we withhold action on these two resolutions until we have a report from the Citizens Auditing Committee, or the Controller's Committee, or both, and an opinion from the Law Department as to the legality of these resolutions.

Mr. English arose and said:

Mr. President, I regret very much that my opposition to this motion will probably put me in a false light before the people of Pittsburgh.

The former Chairman of the Finance Committee, if anything is wrong with this style of business, is the man who permitted and encouraged it for twenty years.

I do not think now is the time to stop it when the matter is through the Finance Committee, particularly when the matter was before the committee and we know something about it.

I might be ridiculed and criticized, but I can only repeat the statement often made by the former Chairman of the Finance Committee, "Casey has had his drink!" That is very appropriate, Mr. President, at this moment as you are taking a drink of water.

These bills have been given fair consideration in the Committee on Finance. They were approved by the head of the department, by the proper officer in charge of the work, and by the Controller. If anything is wrong, the audit will show that.

Now, when these bills come up for final passage in Council, this gentleman, who claims our action is illegal and gives a statement to the morning paper, now wants to refer the City's business to an outside Citizens' Committee.

I am not going to run away from my duty. I stand here fearlessly before this great audience—and thank God there is a large crowd here today—and oppose this motion. If there is anything wrong with Council's proceeding in passing these resolutions, we will be equally as guilty tomorrow as today.

The former Chairman of the Committee on Finance only wants to do this to curry newspaper favor. He asks my support in this, and I for one cannot do that. I therefore wish to be recorded as voting No on this motion.

Mr. Garland arose and said:

Mr. President, I am not asking the gentleman to do anything. I say it will be the part of wisdom to withhold action on these resolutions until we get the proper information. I stated that the Committee on Finance has done this sort of thing before. I always thought it was legal if the Controller's Office recommended it, but I doubt if it is today.

Mr. Anderson arose and said:

Mr. President, I agree with Mr. Garland. It is information we are seeking, and I do not know why the Council should not get the information. The goods referred to in these two bills were not advertised. It is unlawful and we should stop it. I was at the committee meeting when these bills were ordered returned to Council with an affirmative recommendation. Since that time it has been called to the attention of the Council that these bills have been contracted for in an unlawful way. Therefore, I do not see anything wrong in holding them over.

Mr. English arose and said:

Mr. President, I regret very much that I must say a word in answer to the last speaker. I had hoped that the day would pass without getting into any personal altercations. The gentleman says he wants information, and he also says that he was present at the committee meeting last Tuesday. Does the record of the committee last Tuesday show he wanted information?

Mr. Muldowney arose and said:

Mr. President, it seems unfortunate to me that the gentlemen who have been members of Council for as long a period of years as Mr. Garland and Mr. Anderson must wait until today to start what they should have started 12 or 20 years ago.

They say the goods have not been purchased in the proper way. They both agree that the same procedure has been gone through for years. I therefore join with Mr. English in voting this motion down.

Mr. Kambach arose and said:

Mr. President, does the motion include the Citizens' Auditing Committee?

The Chair said:

Yes, sir.

Mr. Kambach moved

To amend the motion by striking out the words "Citizens' Auditing Committee".

Which motion prevailed.

And the question recurring on the adoption of the motion as offered by Mr. Garland, and as amended.

The ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Anderson	Garland
	Kambach

Noes:—Messrs.

Alderdice	Little
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 3. Noes 6.

And a majority of the votes of Council being in the negative, the motion was rejected.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Little
Connelley	Muldowney

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Little
Connelley	Muldowney
English	Herron (Pres't.)

Noes:—Messrs.

Anderson	Garland
	Kambach

Ayes 6. Noes 3.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

	<hr/>
	\$20,000.00

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third

times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Little
English	Muldowney
	Herron (Pres't.)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 3026. Resolution authorizing and directing the City Controller to transfer the amount of \$7,500.00 from Code Account ..... to Code Account No. 1604—2, for truck hire, Bureau of Highways and Sewers, and authorizing the issuing of warrants drawn on said fund for the payment of the cost thereof.

In Finance Committee, March 3, 1931, Read and amended by inserting in blank space, the words "No. 42", and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. English moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in committee and agreed to by Council, was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Kambach
Connelley	Little
English	Muldowney
	Herron, (Pres't.)

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 3023. Resolution authorizing

the issuing of a warrant in favor of Jacob I. Brown in the sum of \$300.00, for services as custodian of property of the former Borough of Overbrook, from January 1, 1931, to February 28, 1931, both inclusive, and charging same to Code Account No. 42, Contingent Fund.

Which was read, and on motion of Mr. English, recommitted to the Committee on Finance.

Also

Bill No. 3025. Resolution authorizing the City Sales Agent to accept from the Finance Realty Company the sum of \$100.00, for the purchase of buildings located at 801-3-5-7 Wheeler street, which are to be removed, due to the improvement of Bennett street.

Which was read, and on motion of Mr. English, recommitted to the Committee on Finance.

Also

Bill No. 3055. Communication from Eliza K. Smith, Chairman, Allegheny County League of Women Voters, transmitting copy of resolution adopted by Executive Board asking that an investigation be made of all supply and food contracts during the past six years.

In Finance Committee, March 3, 1931, ordered returned to Council.

Also

Bill No. 3056. Communication from the City Controller reporting on progress of his investigation of the Department of Supplies.

In Finance Committee, March 3, 1931, ordered returned to Council.

Which was read, and on motion of Mr. English, to receive further consideration when all other committee business has been disposed of.

Also, with a negative recommendation,

Which was read, received and filed.

Mr. Garland stated

That he was not familiar with the status of this proposed annexation, having been out of the City during the committee meeting at which the matter had been acted upon, and asked if this remonstrance would change the annexation petition so that it would not contain the requisite majority.

The Clerk stated that he was informed it would not change the status of the Petition.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

ASSOCIATED APARTMENT HOUSES OF  
PITTSBURGH

414 Bessemer Building  
Pittsburgh, Pa.

March 9, 1931.

Honorable John S. Herron,  
President of City Council,  
Pittsburgh, Pa.

Dear Sir:—

We understand that an ordinance changing the zoning of property at Beacon and Murdoch streets from "B" to "A" residential area, for the purpose of permitting the erection of an apartment house, is on the calendar for final passage today.

This organization through its President, George E. Evans, respectfully request your honorable body to postpone the final passage of this ordinance for a period of two weeks to permit further study and for the following reason.

Members of this association have investments running into many millions of dollars in apartment houses that are located within zones restricted to the erection of apartment houses and as there are many unoccupied sites within the said zones that may be had for reasonable prices, we believe it is a great injustice to us, who have complied with the law and erected our buildings within proper zones, for Council to re-zone high class residential property such as is affected in this ordinance.

We desire to point out to your honorable body that an apartment house at this location although it may be a no more desirable building in so far as the building is concerned than those owned by our members, it will command a higher rental purely on account of its location in a high class residential section and thus create unfair competition to buildings now within the proper zone.

We would further request your honorable body to set a date and time which members of our organization may present their views.

Respectfully,

ASSOCIATED APARTMENT HOUSES OF  
PITTSBURGH.

By GEORGE E. EVANS,  
President.

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Ayes:—Messrs.

Anderson

Alderdice

Connelley

English

Garland

Kambach

Little

Muldowney

Herron (Pres't.)

Ayes 9. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council shall be required.

Mr. Alderdice presented

No. 3133. Report of the Committee on Public Service and Surveys for March 3, 1931, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2155. An Ordinance entitled, "An Ordinance fixing the width and position of the roadway and sidewalks, providing for slopes, parking, retaining walls and steps and establishing the grade of Dagmar street, from Hampshire avenue to a point 51.43 feet north of the northerly line of Tonopah street."

Which was read.

Mr. Alderdice moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

#### MOTIONS AND RESOLUTIONS

Mr. Muldowney, at this time obtained leave, and presented

No. 3135. Resolution authorizing the

Collector of Delinquent Taxes to satisfy of record the water assessment against the premises of Stanley and R. Wood, at 797 Bray street, for the year 1924, in the amount of \$97.25, and charging off the costs, penalty and interest, and authorizing the satisfaction of any liens that may be filed on account of said assessment.

Which was read and referred to the Committee on Finance.

Mr. Little presented

No. 3136. Communication from Bertha Bromme asking damages in the amount of \$270.00 on account of accident to her automobile on Mt. Washington boulevard caused by falling rock on January 25, 1931.

Which was read and referred to the Committee on Finance.

Mr. English called up

Bill No. 3055. Communication from Eliza K. Smith, Chairman, Allegheny County League of Women Voters, transmitting copy of resolution adopted by Executive Board asking that an investigation be made of all supply and food contracts during the past six years.

In Council, this day, read and laid over for further consideration.

Which was read, and on motion of Mr. English, received and filed.

Also

Bill No. 3056. Communication from the City Controller reporting on progress of its investigation of the Department of Supplies.

In Council, this day, read and laid over for further consideration.

Which was read, and on motion of Mr. English, received and filed.

Mr. English also presented

No. 3137. WHEREAS, By Act of Assembly it is provided that Councils of cities of the second class shall have the exclusive supervision of the official conduct of all city officers, and shall examine the grounds of all reasonable complaints made against any of them (with the exception of police officers), and shall cause all their violations and neglected duty to be promptly punished or reported to the proper tribunal for correction, etc.; and,

WHEREAS, The letters received from John D. Houston dated February 5, 1931, and February 7, 1931, were referred to

His Honor, the Mayor, and the Controller for an investigation; and,

WHEREAS, The Mayor and the Controller did investigate the matters touched upon in said communications and, under date of February 24, 1931, did report back to Council, and in said report did say the following:

"We find that during the year 1930, that there was not a call for any canned goods samples from the different bidders in this community and the reason given therefor was that there was a falling market and it is not good business to buy goods in a falling market. But, even though it may not be good business to buy in a falling market, likewise it was not good business to have no cutting for 1930, so that the quality and quantity of food contained in the cans could be ascertained.

"We find that the Department of Supplies is still adhering to the old customs relative to inquiries for prices on contracts and form of specifications which, to our mind, are antiquated and should have been remedied many years ago.

"We find that a new system should be inaugurated in order to invite greater and fairer competition. That there should be a standardization of specifications for the purchase of supplies for the City so that all bidders may be intelligently informed of the article desired.

"We find that poor business judgment has been exercised by the Director of the Department of Supplies in not correcting many defects in the mode of purchasing of supplies and the running of his office and that many visible irregularities have been permitted to continue"; and,

WHEREAS, His Honor, the Mayor, on February 20, 1931, dismissed Mr. B. L. Sucoop, Director of the Department of Supplies, for poor business judgment, as more particularly set forth in a communication from the Mayor dated February 24, 1931; and,

WHEREAS, Council has referred to the Committee on Finance several other communications relating to the Department of Supplies, including one of February 27, 1931, from the Allegheny County League of Women Voters; Now, therefore,

The Committee on Finance recommends as follows:

1. The ratification of the dismissal of B. L. Sucoop as Director of the Department of Supplies.

2. That His Honor, the Mayor, be instructed and directed to install, forthwith, a new system for the administration of the affairs of the Department of Supplies, looking to efficiency and economy, and the coordination of the business of such department with that of the other departments of the City Government having relation with said department.

3. That His Honor, the Mayor, be instructed and directed immediately to have prepared a new set of standard specifications for the purchase of supplies for the City of Pittsburgh, so that bidders may have exact and intelligent information concerning the article or articles desired by the City.

4. That the personnel of the Department of Supplies be so constituted as to render expeditious and efficient service.

5. That we commend the move whereby the Pittsburgh Bureau of Governmental Research has been consulted in this matter and asked to make an examination and recommendation, and urge a prompt and complete report touching the same.

6. That further recommendations be made upon the receipt of reports and information that may be submitted by the Controller of the City of Pittsburgh and the Pittsburgh Bureau of Governmental Research.

7. Pending the receipt of the final reports of the investigations now being conducted, we deem it unwise to duplicate that work by engaging in a public hearing or public investigation; and believe that the elimination of the sources of the trouble will accomplish the desired results and protect and conserve the rights of the City.

Which was read.

Mr. English moved

That the recommendations of the Finance Committee be concurred in and adopted as the action of Council, and be printed in full in the record.

Mr. English arose and said:

Mr. President:—Ordinarily, public officers should expect a certain amount of newspaper criticism, because it is manifestly impossible for any one human being, or group for that matter to please the rest of his fellowmen. Naturally, one could not hope to thoroughly and satisfactorily please any one newspaper and consequently, to please three newspapers—well, that is asking too much. It simply cannot be done. But,

Mr. President, thanks to the precious heritage of Godfearing parents and of a respectable, though poor family, I was taught to put my trust in God. You, Mr. President, know that those that put their trust in God are trusting aright, because in time of great danger, difficulty or distress, they shall never be confounded.

The first law of nature is self-preservation, but if our Christian civilization is to advance to the uttermost parts of the earth, the true believer must take his stand for the right in the time of stress. I will admit that it has taken a great deal of self control to keep myself and my temper in check, particularly when for the first time in my life, an unfair attack has been carried into my home. Anonymous letters are ignored, even by newspapers. But anonymous telephone abuse and subsequent publication of garbled and distorted statements is too low a depth for me. However, listen to these comforting words, "Blessed are ye when men shall revile you, and persecute you and shall say all manner of evil against you falsely, for my sake". "Rejoice and be exceeding glad; for great is your reward in Heaven; for so persecuted they the prophets which were before you".

I must confess, Mr. President, it has been mighty hard to stand what has been the daily portion of the members of this Council for the past month. But in the quiet solace of my home, enjoying the peace and refreshment of the Sabbath day, I am glad to say that my better nature has conquered. Instead of hurrying back at our accusers the poison gas and other missiles as has been my custom in the past, I will content myself with following the example of the Saviour when He said, "Father, forgive them, for they know not what they do".

The question before Council today is not the blocking or opposing of any investigation or public hearing. The question before Council is whether the regular, orderly and proper investigation which Council requested the Mayor and the Controller to make by unanimous vote on February 9, 1931, is to be continued or whether it is to be dropped and something else substituted.

Up to date, this Council has acted in an orderly, dignified manner in handling the original complaint of Mr. Houston against the Department of Supplies. The action of Council was unanimous on February 9, 1931, when the complaining letter was referred to the Mayor and the Controller for investigation and report. If Council is wise, it will

stand by its action until some genuine reason, or reasons, are presented for a change of Council's position. Every member of Council should be interested in supporting and defending the honor and integrity of the Council on all occasions. As individual members, and as a body, the Council stands forth as a distinct and important branch of the City government—the legislative branch. If any individual member, or members, or a majority of members, or if the entire body of nine, is unable to decide how to handle the business presented, such a member, or members, have no right to the confidence or support of the voters who elect city officials. If a councilman must live and act in constant fear of any power—whether it be newspapers, political organizations, political leaders, etc.—such a councilman is not worthy of membership in this body. The Council is elected by the people, and is responsible to the people. The people who pay the taxes and do the voting are the only powers the Council has to fear. If my past experience and record is worth anything at all, I think I can sincerely say that "Give truth and the whole truth and the people and voters will find their own way." There is no objection to any councilman getting information or advice or help from any source, whether it be newspapers, political organizations, political leaders, etc., but the councilman must make his own decisions. If a councilman is afraid of offending or displeasing any one group, or associated groups, other than the many thousands of taxpayers and voters, such a councilman will eventually find himself in the sad and pitiful situation so well described in the words attributed to Cardinal Wolsey, which are as follows:—"Had I but served my God with half the zeal I served my King, He would not in mine age have left me naked to mine enemies".

Every person, or group, whose petition or request is refused by Council, immediately starts out to get even with the entire nine, if the action was unanimous. If the action of Council happened to be the result of a divided vote, naturally the disappointed petitioner will support the councilmen who favored his petition and will try to get even with the councilmen who opposed the petition. Surely, we are all familiar with the law of averages. In addition, we generally find that those who are disappointed and angry at first, eventually change their minds and drop their opposition when they are assured that the councilmen gave their decision honestly and in fairness, based on the facts and not because they were influenced by any

outside agency. Let us examine the facts in the subject which is before us today. The matter is so clear to my mind that I am sure when the tumult and the shouting have died down that those people who have been deceived by the campaign of abuse heaped upon Council, will turn on those responsible for the uproar of deceit and misrepresentation. If Council will attend to its own business and turn a deaf ear to those who seek to disrupt the regular, orderly proceedings of City business, Council, as such, and the individual members will emerge from this controversy as the genuine representatives of the people.

On February 9, 1931, Council unanimously referred a complaint to the Mayor and the Controller. The fact that other communications relating to the same subject matter have been received, does not alter or change the status quo. We have received partial reports from the Mayor and the Controller on the first complaint. The two officials to whom Council referred the complaint have not finished and have not made a final report. It is a fact that the Mayor and the Controller, in good faith, have extended and enlarged on the original complaint which referred to canned goods only, as I recall it. The entire Department of Supplies, its personnel, specifications, methods and operation, are now involved. We have been advised of this by our investigators—the Mayor and the Controller. I submit that to make any change in the regular and orderly proceedings might defeat the very purpose of the petitions and letters received since February 9, 1931.

Council has more at stake in this matter than any other group. Even the traducers and critics of Council have overlooked the most important point in the entire situation. This point is the one which to my mind is the compelling reason why Council should not be stampeded from a regular, orderly course by any outside agency. The Controller, like Council and the Mayor, is responsible only to the people for his actions and conduct. But the present Controller was not elected by the people; he was elected Controller on May 29, 1930, by the votes of the members of Council. In quite a large measure, therefore, the responsibility for the present Controller rests on Council. Council should not take snap judgment but should consider most carefully any proposal to take away from the Controller his work as official Auditor of all the accounts of the City. In the absence of any evidence of neglect or failure by the Controller to investigate as requested by Council on February 9, 1931, we

are in duty bound to proceed in the regular and orderly way in which we started. To change our procedure, without good reason, would be a serious reflection on the Controller, and in this particular instance, a more serious reflection on the Council who elected this particular Controller.

At this point, I have in mind some matters which are not germane to the resolution now under consideration, but I deem it necessary to insert this casual reference at this time. Future developments will explain this reference. We have received the joint report of the Mayor and the Controller, also the partial reports from the Controller; he has advised Council that the Bureau of Governmental Research is continuing the work which the Mayor and the Controller started as a result of Council having asked the Mayor and the Controller for an investigation and report on the original complaint; so that as between Council and the Controller, there is no reason for Council to assume that the Controller has failed or refused to go ahead with the work and make further reports, or a final report to Council.

Council has not hampered or hindered the Controller; we have not interfered with him in any manner whatsoever—therefore, Council has no reason, or excuse, for repudiating the man who was elected Controller by the votes of this Council on May 29, 1931.

Council is not responsible if all the newspapers and various organizations or groups of people, do not understand our regular, orderly method of procedure. Perhaps some of those who demand that Council ignore and repudiate the Controller and the Mayor in the middle of the job assigned to them by Council, do understand the wisdom and necessity for regular, orderly proceedings. But whether they understand or not, Council will be judged by final result of Council's action long after the excitement has passed. The results obtained by the City in the garbage dispute were not obtained by public hearings and trial by the newspapers and in the newspapers. It took long, patient work to get the facts by the proper offices, to whom Council entrusted the job.

It is not the fault of Council if the action of Council has been misinterpreted, whether such misinterpretation is accidental or deliberate. Council has not refused any group or individual a public hearing or investigation; and no information has been withheld from the public. The daily publication of various contracts for purchases of canned goods, meats, vegetables, rubber goods and

hose, dry goods and rugs is certainly proof that no attempt has been made to conceal or hide anything. The records for all these purchase contracts are kept in the office of the Controller. The Controller is the regular, legally authorized Auditor of the City; the Mayor is the Executive Head of the City; and the Council is the legislative branch of the City government. As long as it is possible for these three branches of the City government to get along in peace and harmony, it is my purpose and intention to do all in my power to continue in harmony with others. But, I do not intend to surrender my powers and duties as a councilman to any influence inside or outside the City government. Unless I find some genuine reason for breaking up the harmony and progress which we have had under Mayor Kline and Controller Kerr, I will continue to labor with them for the welfare of the City of Pittsburgh. If the Controller needs any help or appropriations, he knows where and how to get such help. Until he asks for help, Council has every reason to feel that the Controller knows what he is doing, and we should not distrust or embarrass him.

It is a matter of regret that so much confusion and turmoil has been created over a misunderstanding of Council's procedure. When the results begin to show, those who now misunderstand and blame Council, will, in all probability, give Council due credit for daring to do right in the face of criticism. After all, it is results which count, and in the final analysis, we will be judged by results.

Mr. Kambach arose and said:

Mr. President:—This report of the Finance Committee should be received and approved. It is not an evasion of the real issue; it is not a side-stepping of responsibility; it is not intended for delay; but it is a comprehensive outline of the proposed solution of the problem before us, namely, the correction of the evils complained of in the communications addressed to this body.

There are two ways of approaching this problem—one by public hearing or by public investigation; the other by private investigation. The decision as to the course to pursue rested with Council by virtue of the law, and it decided in favor of the latter. Naturally there is difference of opinion; and there ever will be difference of opinion.

Now let us review this matter and examine it with an open mind.

When first presented to us, we gave expression of opinion on it; and every member agreed that it was of sufficient importance to require careful and thorough inquiry. We are still of that opinion.

Some people, the Allegheny County League of Women Voters, the Press and two members of Council think that a public hearing or public investigation should have been undertaken, and insist that no other plan is worthy of any consideration. Let us grant for the moment that they are right. Let us see what would have happened. Council would have been sitting and would still be sitting taking testimony; listening to the many and varied transactions carried on by the Department of Supplies; statements and contradictory statements would be made; the newspapers would be filled with stories recounting the daily occurrences; days, yes weeks, would be consumed by the inquiry. And with what result? I can only suggest to you that in past years, Council has engaged in public investigations, and with no real results.

Let me ask you, is any case prosecuted by public investigation first or by private inquiry? Does the District Attorney get his testimony by public inquiry? Is the violator caught by letting the public know what is being done to apprehend him?

Again, suppose an affair similar to the one under consideration were to occur in the purchasing department of the Press, Sun-Telegraph or Post-Gazette; and a communication addressed to the directors of any one of these organizations. Would a meeting of the stockholders be called? Or would it be referred to the head of the purchasing department with instructions to investigate?

Now what was done in this case? The letters of John D. Houston under date February 5 and 7 last (first having been given to the newspapers) came before Council on February 9th; that very day by unanimous consent they were referred to the Mayor and the Controller for investigation. February 24th, the Mayor and Controller sent to this body their report; and on the same day the Mayor advised Council that he had dismissed the Director of Supplies on February 20th, eleven days after the communications were received by us. This report and this communication were referred to the Finance Committee which met the following day. We were advised that further investigation was going on by the Mayor; the Controller, whose duty it is under the law to make an audit, was doing the same; the Pittsburgh Bureau

of Governmental Research was making an examination; and action was postponed for one week. In the meantime, other communications were received by Council including the one from the Allegheny County League of Women Voters under date of February 27th, all of which were on March 2nd, the next regular meeting of this body, referred to the Finance Committee, where all other communications and reports were. The next day this matter was taken up by the Finance Committee and after consideration in public, this report was prepared and referred to Council for adoption. And here we are today, within a month after receiving the original letters, asking the ratification of the dismissal of the Director of Supplies by the Mayor; directing the installation of a new system in the Department of Supplies; directing the preparation of a set of intelligent specifications; directing a proper personnel of the department; commending the consulting of the Pittsburgh Bureau of Governmental Research; and for the present, recommending as unwise a public hearing or investigation.

And yet the public is informed that nothing has been done; that nothing has been accomplished.

Mr. President, the adoption of this report does not preclude the recovery of any moneys from guilty parties; the prosecution of violators of the law is not interfered with; the bonds of the Director of Supplies are not affected. None of the rights of the City of Pittsburgh have been surrendered.

Was it necessary to assail members of Council by inciting the public to call them by telephone or write letters to them? Was it nice to print the telephone numbers of seven members of Council, and urging the public to call them at their homes to disturb the peace of aged parents, nervous wives and innocent children? Was it necessary to call in the District Attorney and threaten a Grand Jury investigation? Was it necessary to fill the press with this matter and advertise Pittsburgh? Was it necessary to have resolutions adopted by civic bodies?

Council is big enough to do this job; and it will do it.

Let us await the final report of investigations now being made; let us not be misled into a position that might make us look ridiculous. Let us not harass the soldier who faced the deadly fire of the enemy in the late war. Let us not forsake that fundamental principle of our juris-

prudence and one of the bulwarks of our institutions—that every man is presumed innocent until proven guilty; let us be charitable enough to give to the actions of others a reasonable and natural construction; let us not besmirch character and ruin reputation; let us not disturb the peace, harmony and tranquility of the home by questionable methods; let us be men; let us be Americans. Let us remember that it is human to err; that it is divine to forgive.

O, Heavenly Father, give us the vision to see the right, and then do right.

Mr. Alderdice arose and said:

Mr. President:—It is not the fault of Council that so much publicity and notoriety has been given this affair. Council, of course, cannot form or influence public opinion.

Council has always maintained, that the proper place for this complaint, was the Mayor and the Controller, as the Mayor is the head of the City government and has the power to hire and discharge any of the City employes, either in his cabinet or in the several governmental departments.

Now, let us stop for a moment and see what Council has done in this matter. When Council first received this complaint from Mr. Houston, it was immediately referred to the Mayor and the City Controller with instructions that the matter should be gone into thoroughly and a report made to Council as soon as possible.

Well, what happened? The Mayor and the Controller held an investigation—whether it was an open or closed investigation does not matter to Council. The fact of the matter is, that an investigation was held and the Mayor must have found out some things that were not satisfactory to him, because after the investigation he conducted, he immediately discharged the Director of the Department of Supplies, which I presumed he thought would be sufficient punishment to the Director for any neglect of his duties in that department.

Besides, if you will remember, Mr. Chairman, the Controller made a partial report, saying that he had taken the matter up with the Mayor and they had gone into it very thoroughly and had found that things were not as they should be, and that he was reorganizing the department and had already engaged the Bureau of Governmental Research to go into the matter thoroughly and establish a new system if that were possible; and

that in due time he would make a further and complete report to Council.

After Council received these reports from the Mayor and the Controller, on last Tuesday, in Finance Committee, the members of Council, on the strength of those reports, drew up this resolution which we are voting on today embodying seven different recommendations. And I will say to you that anybody who has any decency whatsoever or any regard for the truth cannot gainsay anything against this resolution which we are about to pass today.

If, after an investigation by the Controller, who has the matter in hand for Council, anything should be found of a nature that would tend to show that the City has been in any way defrauded, then it is the duty of Council, also the Controller and the Mayor to proceed against those who have been guilty.

This Council, as you know, has always stood for an investigation by the Mayor and the Controller, and was willing and ready at all times to support the Controller in any steps that he might take to clear up this matter.

Only last week, Mr. Chairman, if you will remember, there was a newspaper report that three engineers in the Road Department at Harrisburg were discharged by Mr. Lewis for padding the payroll of the State Government. What happened at that time? Did the people of the State or the Press clamor for an investigation by the Governor? Nothing of the kind. Mr. Lewis simply discharged those men and made a statement, saying that after investigation, if the facts warranted, he would proceed against their bond and against them in person so that the State would be satisfied. To my mind that is the logical thing to do.

There is nothing to be gained by an investigation of the nature that the newspapers have spoken of. Only last week many of the newspapers of the country were carrying complaints against similar investigations of the United States Senate because of the expense that they were causing the taxpayers of the country. One paper going so far to say that the Nye Investigation Committee at Washington had spent several hundred thousand dollars and had not accomplished anything.

Mr. Chairman, this Council knows very well what it is to hold investigations. A great many have been held in this room and a lot of money has been spent and

nothing whatsoever has come from them that would in any way benefit the taxpayers of the City of Pittsburgh, and no one has been punished so far as I know from anyone of them.

Mr. Chairman and Members of Council, this Council was organized and doing business for over 20 years and never in all that time has the finger of scorn been pointed at it or any of its members for failing to do their duty as they saw it. To my mind there is not a single member of Council who is not as deeply interested in the welfare of the City of Pittsburgh as any of our newspapers or our citizens. As for myself I intend to vote on this matter as my conscience dictates. And I stand ready and willing at all times to back up the Controller in this particular case, regardless of what it may cost.

Mr. Little arose and said:

Mr. President:—I regret that I was absent from the City during the earlier discussions of the Supplies Department. When I came home last Monday, I listened to the discussion regarding the resolution from the Women's Voters' League, requesting Council to hold a public investigation. At that time we referred that communication to the Finance Committee, which always meets on the following day; in other words, on Tuesday.

I thought at that time it was customary and proper to refer the resolution to the proper committee and I so voted, and in committee the next day there was quite a lot of discussion on it. At the committee meeting we did not adopt that resolution asking for a public investigation, but we did adopt a resolution presented by Mr. Kambach, and that resolution we have before us today, embodying several requests and recommendations.

Among these recommendations is one asking for a report from the Mayor and the City Controller. This I believe is the orderly and dignified manner of conducting Council's business. It seems to me to be the decent thing to do—to afford these elective officers an opportunity to properly investigate these matters—it is simply a courtesy due them and their office.

I believe within a short time their report will be in our hands, and then if circumstances make it appear that a public investigation is warranted, I assure you people (I am only speaking for myself) I will vote for a public investigation. Until that time

I ask my friends to be patient till we receive the report, and I hope we will get it promptly.

I might add, Mr. President, that if the Controller needs additional funds for this audit, I, for one, will vote to give him any amount necessary to get to the bottom of this mess.

Mr. Muldowney arose and said:

Mr. President:—It is unfortunate that a deliberate attempt has been made to place the Council of the City of Pittsburgh in a false light before the citizens and taxpayers. The record of the proceedings of Council will show that the Council has not refused to give a hearing or an investigation—on the contrary, just the opposite is the truth. When the letter of complaint was received and read in Council, it was immediately referred to the Mayor. In addition to the Mayor, the Council added the Controller to the motion, making it a Committee of two to whom Council referred the complaint and asked for a report and an investigation.

The Mayor, as the authority responsible for the Director of Supplies, has advised the Council that he has dismissed that Director for certain irregularities which were enough, in his opinion, to justify such dismissal, so that as far as the Mayor is concerned, it is very unfair to charge that he did not act as promptly as the circumstances permitted. The Mayor and the Controller joined in a report to Council, which is now a matter of record, in which they recommended certain changes regarding specifications and various other matters. Council has accepted those recommendations and today, we are voting on the action of the Finance Committee, from which the resolution before us came.

In addition to this, we have a further report from the Controller himself stating that he is proceeding, with the Bureau of Governmental Research, along the lines as recommended by the joint report of the Mayor and the Controller.

So, after a complete, thorough and unbiased consideration of the facts as presented in the proper committee, we have these resolutions recommended by that committee—and I am satisfied that the passage of this resolution is the proper manner to proceed and that by following out the recommendations contained in this resolution, Council is adopting the only proper method open to that body in the handling of this matter.

Mr. Connelley arose and said:

Mr. President:—It is just like repeating the old, old story of what I said last week. I wrote a paragraph or two to get into the record truthfully and plainly my views on this subject, because after all this is the record of the City of Pittsburgh. I would rather have on my shoulders the responsibility of being a councilman in this action than I would to try and disturb the condition of its citizens and the rising generation. Many of you did not know that we work for the uplift and betterment of the community, and for that reason I would like to show you that we do.

This is what I prepared, and with your permission, Mr. President, I shall read it.

When I voted to have this matter referred to the Mayor and the City Controller, I was sincere, and still think it the proper procedure. The City Council is the legislative branch of the City government and in it, the laws are made. It is the duty of Council to see that these laws are properly executed, and if they countenance complaints made by taxpayers or citizens, it is their duty to investigate these complaints. But, these investigations should be conducted in an orderly and dignified manner,—in the manner provided by the rules and regulations of Council and in accordance with the laws approved by that body.

As I said before, a public office is a public trust, and when I said that the other day I was laughed at. I want to repeat it. I say you will have more to answer for before God unless you sincerely define what you are after than we in Council will have to do. The office of Council is a public trust and I consider it so, and I am sure that every member of Council will agree to an open investigation after the investigation that is being carried on by the proper people, the Controller and the Mayor, discloses any theft or discrepancy.

Under the law, the City Controller is given authority and power to audit, at any time, the accounts of any department. The law also requires him to make an audit annually for Council of his department, and it also gives him the power to stop the payment of any bill that may be submitted to his office which is improper. Why, under these circumstances, should there be objection or criticism of Council, in referring this matter to the City Controller?

Those of you in business or stockholders

of corporations when an investigation is being carried on, are not allowed to interfere with the procedure. I was associated with the United States Steel Corporation when the stockholders complained of what was going on. What did they do? They allowed the directors to control the situation, and then sent a report in writing for a further investigation if they were not satisfied. These things I know to be true, because I was associated with such things for many years. When the United States Steel Corporation was investigated by the Labor Unions of this country, what did they do? Yes, they said, Mr. Labor Union, come and investigate. These are the reports of our company, and they, the Labor Committee, too, were satisfied.

In handling the City's business, it is very hard, indeed, to please everyone. But when Council is given a duty I still believe in a slow, judicious investigation when a complaint arises and when I know where the authority to rectify and investigate the same is placed.

For heaven's sake give Council the right to investigate the people they employ, and as I said before, every member of Council stands ready to give an open investigation, provided the audit to be conducted by the City Controller warrants it.

My remarks will be printed in the Municipal Record of the proceedings of Council, and will be available after I am gone.

Mr. Anderson arose and said:

Mr. President:—I intend to vote against this resolution. I stated that in committee last week. I stated that after the first day the Council acted on the investigation.

Mr. President, in passing this resolution we are not satisfying the people who seem to be mostly concerned—the people who brought this matter to the attention of the Mayor, the Controller and the Council. They do not agree with the action of the Council. I do not think by passing this resolution they are going to agree with the action of Council.

The Mayor has taken action in regards to a director.

Mr. Chairman, I have studied the report of the Mayor. He says in his report that the Director was just carrying on the affairs of that office like they have been carried on for years.

Mr. Chairman, it has been my thought since

receiving the request of Mr. Houston to have Mr. Succop appear before the legislative branch of this government, where I feel he should make an explanation, and which I understood at one time he was going to do.

Mr. Chairman, if I did have a thought of voting for this resolution today, I would dismiss that thought after the action by the Council.

On two different resolutions today Council went on record to pay the bills for work done without advertising for bids. I am not sure that's a fact and as I said before on the floor of Council I would like to have some information on it. If it is a fact, that is not doing business in a lawful, orderly manner. If this practice has been going on for years it is time it should be stopped, especially when it is brought to the attention of the present officials and the Council—at least it should be held over, which was requested by Mr. Garland. That is all that was asked.

Mr. Chairman, it is no use for me repeating day after day what I have said on the floor of Council, when I spoke on the different questions that came before the body, the different resolutions, requests and so on. It is not a request; it is a demand now on Council, which has been refused.

I have no quarrel with the majority of Council if they pass this resolution. I only hope that they get the results they wish for. I do not feel that I should vote for it, and I will not vote for it. Those voting for the resolution are capable of defending their position, and if it is their opinion this is the way this affair should be handled I must be pleased. The majority rules, and I am not quarreling with the majority.

Mr. Chairman, I think this, that we shouldn't start to work after the audit is through. We should start now. The Controller is present, and if the Controller finds that there have been goods purchased without advertising for bids, it should be stopped. He should refuse to sign a warrant unless bids have been asked and the goods, whether supplies or materials, purchased from the lowest responsible bidder. That is what the people want. That is what they want the Controller to do—the Mayor and every director to do. It is not Succop. It is everyone connected with the administration—they should all adhere to the law.

In conclusion, I will say, I only hope that

each and every member of Council gets the results that he hopes for if this resolution is adopted.

Mr. Garland arose and said:

Mr. President:—I presume it wouldn't do for me to be the only one to keep silent, although I don't have a speech prepared. Some of the newspaper boys wanted to know if I could furnish them a copy of my speech. I wasn't posted that other speeches would be made here. However, I have a few comments to make.

One is with regard to other corporations outside of municipalities. It doesn't seem to me that the conditions are analogous, with all due respect to my learned friend and colleague. Corporations are owned and controlled by individuals, while the taxpayers of the City are the stockholders, and they are vitally concerned as to how officials spend their money, and are interested in whether it is spent legitimately or not. That's why they are so much concerned with this question before Council today.

In regard to the newspapers, I don't take any brief from them. Sometimes they roast you, sometimes they are for you. You cannot depend on them. Newspapers can spend money as they please, and they probably spend it wisely. It is different with public money. We are surrounded by laws, rules and regulations, and have to do thus and so, and comply with certain Acts of Assembly, and so on.

That is one reason, speaking on the motion to approve this report of the Finance Committee, why I will vote against it.

I want to say further that I voted to refer this to the Mayor and the Controller as a matter of courtesy. When the motion was made to refer the matter to the Mayor and the Controller I said to the maker of the motion to include in his motion a request for a report, because the motion as put originally did not ask for a reply. I asked for a prompt reply, but did not object to waiting a few days for the report. The report did come to Council.

I am opposed to this resolution today for the reason that when the report came back from the Mayor I wanted an open investigation. I said in open Council that we always gave an open hearing to any citizen who wanted it. I also wanted an open hearing for Mr. Succop. It is true, as stated here, that Mr. Succop fought on the other side,

but he did not get a square deal, a fair Anglo-Saxon deal from the City of Pittsburgh. He should be allowed to come here to defend himself. Therefore, I am not going to ratify his dismissal.

Mr. Succop should have had an opportunity given him by the Magna Charta of 1235 adopted by the English people and our common law—that is, trial by jury or a hearing by his peers. He did not get that trial; he was dismissed forthwith. He was visited and asked to sign his resignation or take a dismissal, and he was perfectly within his rights not to sign a resignation but to take the dismissal when it was offered in that way. He should have asked for a hearing, and I don't think Council would have refused him a hearing, and I do not think any man in America should have been refused a hearing. Therefore, I do not feel like ratifying that curt dismissal. I have been in favor of a public hearing, and only voted to refer the matter in the first place to the Mayor and the City Controller as an act of courtesy.

I have always been in favor of a hearing. We have given many hearings, even to Communists. I hold no brief for Communism, or anything the Communists do. I am against everything Russian as it is today. If we gave the Communists hearings and then refuse to give women voters, merchants and businessmen a hearing, then I don't know what to think of the state of things.

Therefore, I cannot vote for the resolution.

And the question recurring on the adoption of the motion, as offered by Mr. English to council in recommendations of Finance Committee, adopt them as the action of Council and print same in full record.

The ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Alderdice  
Connelley  
English

Kambach  
Little  
Muldowney  
Herron (Pres't.)

Noes:—Messrs.

Anderson

Garland

Ayes 7. Noes 2.

And a majority of the votes being in the affirmative, the motion prevailed.

The Chair stated:

That His Honor, the Mayor, being

present with the newly appointed Director of Supplies, William R. Dunlap, and would administer the oath of office to the new Director immediately upon adjournment of Council.

Mr. English moved

That the Minutes of Council, at a

meeting held on Monday, March 2, 1931, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

#### CITY OF PITTSBURGH PENNSYLVANIA

#### DEPARTMENT OF PUBLIC WORKS

March 18, 1931.

#### SUBJECT:

State Legislation in re Stream Pollution.  
President and Members of Council,

City of Pittsburgh.

Gentlemen:

Pursuant to instructions of Director Lang, the undersigned and Mr. Ross W. Riegel, Departmental Designing Engineer, proceeded to Harrisburg yesterday morning and attended a committee hearing on Senate Bill 274 which is an Act relating to the pollution of

the waters of the Commonwealth and providing additional remedies for the abatement thereof and conferring jurisdiction upon certain courts in relation thereto. Copy of this Bill, which is a short one, is appended.

A number of proponents was heard by the committee. My reaction on the statements made before the committee of those advocating this bill was that they were not fully informed as to the effect of the bill upon the taxpayers and the industries of the state.

About ten persons spoke in objection to the bill among whom was Louis P. Blum, representing the Chamber of Commerce, who has had a special committee working on this subject for the last two or three years; Mr. C. P. Lang, Special City Solicitor spoke very convincingly upon the effect of this bill on the City of Pittsburgh in case a court in Beaver County should under the provisions of this bill take action to restrain the City of Pittsburgh from discharging any sewage whatsoever into the rivers.

The undersigned addressed the committee on the engineering effect of the bill in that it did not apply any rule of reason whatsoever and that it absolutely prohibited the discharge of sewage or industrial wastes into any of the waters of the state and that if the bill meant what it says then the City of Pittsburgh could be put under a terrific expense, perhaps as much as \$100,000,000 in order to put in sewage treatment works based on a drinking water standard, and stated that the effect upon the City of Pittsburgh would be disastrous as it would occasion a terrific increase in taxation and would jeopardize industries.

I informed this committee that the City of Pittsburgh was taking their raw water from the Allegheny River which is now receiving contamination both from the sewage of a considerable population of streams and from numerous industries, and also from coal mine drainage, and that the water supply of the City of Pittsburgh notwithstanding this contamination was absolutely beyond question as indicated by our wonderful typhoid fever case and death record, which is as good or better than any other city in the country.

The foregoing fact proves that a reasonable degree of pollution in populous and industrial districts is within reason.

I advised the committee that the City of Pittsburgh needed ample protection in the matter of its water supply but that any bill designed to protect the purity of water sup-

plies should be one that would enable the scientific application of the principles of sewage treatment and it appeared that new legislation giving the State Sanitary Water Board more powers would be desirable from all standpoints.

Your attention is called to the fact that the City of Pittsburgh has complied with all the orders of the State Sanitary Water Board and we have spent hundreds of thousands of dollars cleaning up our interior water courses where very insanitary and unhealthful conditions have previously obtained.

I further called to the attention of the committee the fact that the practice and conception of the requirements of sewage treatment have changed in the last 20 years and that the requirements of treatment of sewage had changed from the drinking water standard to include those relatively inexpensive processes designed to lighten the burden of pollution of the rivers, such works including screening, sedimentation and sludge digestion which could be carried out by a number of small plants rather than the construction of expensive works requiring large areas and expensive interceptors.

We are informed that Senator Mansfield has just introduced a bill in the Senate representing the ideas of the state administration and further that Senator Harris at the instance of the Pittsburgh Chamber of Commerce has likewise introduced a bill.

These bills should be given close attention by the authorities of the City of Pittsburgh in the interest of a sound sanitation policy which will improve conditions, safeguard the public interest and health without unduly placing a heavy burden of taxation on the people.

Yours very truly,

CHAS. M. REPPERT,  
Chief Engineer, D. P. W.

Which was read and referred to the Committee on Finance.

CITY OF PITTSBURGH

OFFICE OF THE MAYOR

March 16, 1931.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:—

WHEREAS, The existence of an emergency

requiring a special appropriation of \$10,000.00 for the putting out or confining a fire in the abandoned coal mine near Baldwin road in the vicinity of the F. L. McShane et al property, was certified to by the undersigned under date of October 8, 1930; and,

WHEREAS, Pursuant thereto Ordinance No. 469, approved October 10, 1930, was enacted, which appropriated the sum of \$10,000.00 for said purpose, and authorized the letting of an emergency contract or contracts therefor; and,

WHEREAS, By virtue of said Ordinance an emergency contract was entered into with the John F. Casey Company, and the work has progressed to an extent which indicates that the fund appropriated therefor will be entirely expended about March 21, 1931; and,

WHEREAS, Conditions as disclosed by work already done indicate that an additional sum of at least \$10,000.00 will be required for continuing said work which is considered as an extension of the serious public emergency heretofore certified to by the undersigned; Now, Therefore,

PURSUANT to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of an additional \$10,000.00 or so much thereof as may be necessary, to meet the same.

CHARLES H. KLINE,  
Mayor.

JAMES P. KERR,  
City Controller.

Also

No. 3227. An Ordinance authorizing the Mayor and the Director of the Department of Public Works to do additional work required for extinguishing fire in the coal in the abandoned mine near Baldwin road, 28th Ward, and on the Scholz property, 20th Ward, under the terms and provisions of the contract entered into with John F. Casey Company, Controller's Contract No. 3326, and authorizing the setting aside an additional sum of Ten Thousand (\$10,000.00) Dollars from Code Account 1526, Emergency, for the payment of the cost of said additional work.

Which were read and referred to the Committee on Finance.

Mr. Anderson moved

That the Director of the Department

of Public Works furnish the Committee on Finance tomorrow, with a report as to how much work has been done in the extinguishment of this fire; where it was done, and what it will finally cost to put out this fire.

Mr. English also presented  
No. 3229.

March 20, 1931.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

In reference to Bill No. 3144, "Resolution authorizing and directing transfer of \$800.00 from Code Account No. 1538 to Code Account No. 1539-C, Standards and Specifications, Division of Design, Bureau of Engineering, Department of Public Works," which was referred to the Director of the Department of Public Works at meeting of Finance Committee held on the 17th inst. for a report showing status of appropriations of the Bureau of Engineering, have to advise.

There are no funds available in any of the Code Accounts of the Bureau of Engineering for any purpose except that for which it was originally set aside, with the exception of an unencumbered balance of \$1,000.00 obtaining in Code Account No. 1559-G, Retaining Walls, Division of Streets, Bureau of Engineering, by reason of a reduction in the estimated cost thereof by letter recently forwarded to the Controller at the time the contract therefor was awarded for the reconstruction of retaining wall on Henderson street.

The original appropriation therefor, \$7,000.00, the Department in view of the Contractor's price, having reduced its estimated cost to \$6,000.00.

We would request that aforesaid Bill No. 3144 be amended to authorize and direct the transfer of \$800.00 from Code Account No. 1559-G, Retaining Walls, Division of Streets, Bureau of Engineering, instead of Code Account No. 1538.

Council set aside the sum of \$1,500.00 in Code Account 1538, at the urgent request of the Department in order to defray expense of filing cases badly needed to take care of numerous volumes of permanent record data pertinent to public improvements executed by the Bureau.

In order to procure printed copies of the revised edition of the Contract for Construction at the earliest date possible so that no delay will be encountered in advertising proposals and awarding contracts for public improvements, we would request that final

enactment of Bill No. 3144 be made at the Councilmanic Meeting to be held on Monday the 23rd inst.

Yours very truly,

EDWARD G. LANG,  
Director.

Submitted:

JOHN J. CROAK,

Act. Chief Engineer, B. of E.

CHAS. M. REPPERT,

Chief Engineer, D. P. W.

Which was read, received and filed.

#### MOTIONS AND RESOLUTIONS

Mr. English presented

No. 3267. RESOLVED, That the Mayor be and he is hereby requested to return to Council, without action thereon, for further consideration, the following:

Bill No. 3064, entitled, "An Ordinance amending an Ordinance entitled, 'An Ordinance granting permission to the Pennsylvania Railroad Company to extend a switch across Jane street in the Seventeenth Ward of the City of Pittsburgh,' approved December 31, 1930, by striking out of the title the words 'The Pennsylvania Railroad Company' and substituting therefor the words 'The Monongahela Connecting Railroad Company' and likewise amending the enacting clause."

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

And the Mayor having returned, without action thereon,

Bill No. 3064. An Ordinance entitled, "An Ordinance amending an Ordinance entitled, 'An Ordinance granting permission to

the Pennsylvania Railroad Company to extend a switch across Jane street in the Seventeenth Ward of the City of Pittsburgh,' approved December 31, 1930, by striking out of the title the words 'The Pennsylvania Railroad Company' and substituting therefor the words 'The Monongahela Connecting Railroad Company', and likewise amending the enacting clause."

In Council, March 23, 1931, Bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. English moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring, "Shall the bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. English moved

That the bill be recommitted to the Committee on Public Service and Surveys.

Which motion prevailed.

The Chair at this time announced the death of George J. Kambach and stated that suitable action would be taken at a later meeting.

Mr. English moved

That the address of Rev. H. H. Forsyth, at the funeral services of George J. Kambach be printed in full in the record.

Which motion prevailed.

And the address of the Rev. H. H. Forsyth follows:

"Forty years is a long time in the life of a man. Many are not spared to live for that length of years. Some may attain twice that span, but they are very few.

"Yet for almost forty years I have known George J. Kambach. I saw him first in the old Central High School, where in September of 1891 we both began to go. For four years we were together in that institution. Then George selected the law as his life-work and went to study in the office of the late Henry Meyer on Diamond street. I used to see him while he was there every now and again. I remember distinctly climbing up the dark staircase that led to the large second-story room that fronted on Diamond street. Then after that George formed an arrangement with two other at-

torneys by which he went up into the Bake-well building on the corner of Grant and Diamond, and often I saw him there. And then still later he moved his office to the Berger building, where it has been ever since.

"Now in all these years I saw George Kambach very frequently. I think I knew him. I know I respected him, yes, honored and loved him. And so I come here, not in a professional capacity, to say what one would say in similar circumstances if he were called upon to conduct a funeral service, but I come to mourn a friend and to pay my humble tribute to his life and character.

"And, of course, there are many things that might be said that must be omitted because time would not permit us to go into much detail. Then there are other things that are too sacred to refer to because they take us into the sanctity of George Kambach's home, and that would not be right. Rather, we must think, in the few moments that we are together, of the outstanding traits of this noble man.

"I. And the first of these was undoubtedly his seriousness. From a youth, he had a serious cast of mind. Life was real to him. No duty in his home was ever neglected or forgotten. He played, particularly when he used to go to the old turnverein here on the South Side, in a serious way. His fraternal work was looked after in the same manner. His business was attended to as conscientiously as it could be. And he gave himself to his place in the conduct of the affairs of this great city in the same manner.

"Now, of course, I do not mean to intimate that George Kambach had no humorous vein in his constitution, for he had. He enjoyed life. He enjoyed its pleasures and recreations. But this was subordinate to the deep seriousness of his nature and the will to do what he did to the best of his power.

"And, of course, this determined to a large extent the success that he attained. It meant that he would not slight any part of his life. It meant that he would put himself wholeheartedly into everything to which he laid his hand. And this was exactly what he did. The only work that he neglected was the work for which he had not time. The only work that he did not do was that which piled up upon him in such mountain-heights that he did not have the opportunity to do it.

"II. And then George Kambach was clean. Many men are foul-mouthed. They delight

in vile and indecent remarks and stories. In fact, much of our modern life is punctuated with such remarks and tales. We cannot take up a modern book without finding it obtruded upon us. We cannot go to a show without having such things thrust in our faces.

"But in all the years that I knew George Kambach, I never heard anything foul or indecent or suggestive issue from his lips. The meticulous spotlessness with which he kept himself was indicative of the spotlessness of his heart and soul. He never wallowed in the mire. He lived high above and far away from anything that was of this character.

"And, of course, it made him a joy and a delight to his closer friends. They could turn to him and feel confident that they would hear nothing that was repugnant to them. They could be sure that the finer things of life would never be ridiculed by him and that their finer sensibilities would never be offended by anything that he said or did.

"III. And then he was impeccably honest. Some time ago, in introducing him to an audience to which he was to say a few words, I said that I had never known him to do a dishonorable thing in all my acquaintance with him. And in this sad hour when we are mourning his loss, I want to repeat that statement. For George Kambach had been reared in a home where honor, honesty, uprightness and integrity formed the very atmosphere that he breathed. And the character that he there formed remained with him to the end. His clients knew that he could be trusted. His associates never doubted for a moment the honorableness of his intentions. His friends knew that he was solid gold.

"And all this ought to be emphasized at the present time because George Kambach's name has been connected with some discreditable charges that have been brought against the City administration. And doubtless there is some basis for these charges. Where there is so much smoke, there is usually some fire. But I want to say as emphatically as I know how to say it, that I am as sure of George Kambach's innocence in all that is at stake as I am of my being here today. In the scandal that developed in the Common Council in the year 1910, Mr. Weil, who investigated the conditions that existed at that time, said recently that not the shadow of a suspicion ever attached to George Kambach's actions in that Council. Others were guilty, but he was

guiltless. Others had done wrong, but he had avoided every semblance of evil-doing. And so will it be found in the present unpleasant circumstances. George Kambach's name will not be tarnished by any investigation that may be made. He will be found to be absolutely innocent of all wrong-doing.

"And I think this ought to be dwelt upon at the present time. It is so easy for a newspaper campaign to besmirch reputations. Doubtless this has been done in our city. But when the smoke blows away and conditions are seen in their true light, we shall find that George Kambach's honor is inviolate. He has done what he thought was his duty. He has voted always in the way in which he thought was right. His conscience was clear while he was alive, and he died with the consciousness of having done his duty.

"IV. But then still further, he was kind-hearted. He did not know how to say "No" to anyone under any circumstances. He was ready and willing to help all. His friends knew that they could go to him at any time, to be welcomed by him and to be helped in the way in which he could help. The waiting room of his office was usually filled with those who sought his advice and counsel. In fact, this whole community in which he had lived all his days, simply imposed upon his generosity in their demands upon him.

"But in my judgment the kindness of his heart was seen most clearly in the recent trouble with which his name has been connected. For when a campaign of villification was let loose against him and other members of the Council, before any charges were proved against them, in which he was ridiculed, maligned and attacked, even to his intimate friends he breathed no resentment further than to say that this was very hard upon his mother. Where another man would have lost his temper and said hard and bitter things about those who were attacking him, the kindness of the spirit of George Kambach so dominated and controlled him that he never lost hold upon himself. Even though he was wronged, he would not run the risk of wronging another in return.

"V. And this leads me to remark to you finally that George Kambach was a Christian. Now I do not think I ever talked with him about religion. I do not think I ever heard him talk about religion. I do not think I ever heard him talk about his connection with this church.

I do not think I ever heard him say anything about the work that he was doing and the task that he was performing in this church. But he did not need to say anything in these regards, for his life spoke more loudly than any professions might have spoken. It was all that was needed to reveal what he was, for in everything that he did he revealed the fact that he was a Christian gentleman.

"And at the same time he was an honored member and officer of this church. Somehow, in addition to all the duties that he had assumed elsewhere and in addition to all the work that he was trying to do for others, he found time to do his full share in connection with this organization. And he will be missed here, his counsel, his example, his life and works contributed mightily to the influence of this church in this community.

"And now he is gone, and what shall I say? Well, one word rises in my mind, and with that I conclude. For as I think of my departed friend, I think of the words of the great Christian hero of the Apostolic Age: 'I have fought a good fight; I have finished the course; I have kept the faith. Henceforth there is laid up for me a crown of righteousness which the Lord will give to me, and not to me only, but to all who love His appearing'. George Kambach has fought a good fight. He has finished his course, and he has kept the faith. And he has received the crown of righteousness which his Lord gives to all His servants."

Mr. English moved

That the Minutes of Council, at a meeting held on Monday, March 23, 1931, be approved.

Which motion prevailed.

#### DEPARTMENT OF LAW

March 31, 1931.

To the President and Members of Council.

Gentlemen:—

Relative to Bill No. 3237 which is a Resolution asking the City Solicitor to look into the question of whether or not there has been a recent decision of the Pennsylvania Supreme Court sustaining the finding of the lower court to the effect that the City of Philadelphia be relieved from the payment of a State gas tax and whether or not said opinion would relate to other municipalities and if so, whether or not the City of Pittsburgh could recover from the State such State gas tax already paid. I have to say that in the case of Commonwealth of Pennsylvania vs. Pure Oil Company, defendant, and the City of Philadelphia, intervening defendant, at No. 8 May Term, 1931, of the Supreme Court of Pennsylvania, the Supreme Court on March 16, 1931, rendered its decision sustaining the lower court to the effect that no municipalities in the Commonwealth of Pennsylvania are subject to this State gas tax, which means, of course, that the City

of Pittsburgh is not subject to the tax fixed in the Act of May 1, 1929, P. L. 1037.

This case has not yet appeared in the Advanced Reports, but I have in my possession a certified copy of the opinion.

I know of no way for the City of Pittsburgh to recover the tax already paid to the State except by an Act of Assembly to cover the purpose.

Yours very truly,

CHARLES P. LANG,

Special Assistant Solicitor.

Which was read, received and filed.

Mr. Garland moved

That the matter be placed in the hands of the City Solicitor to consider the advisability of presenting to the Legislature now in session a bill which would refund to the City of Pittsburgh all moneys that have been paid by the City as gasoline tax, going back to such period as may be deemed proper, or to take any other action he may deem necessary to effect the same result, and to report his action back to Council within ten days, and that the City Controller be asked to deduct three cents per gallon gas tax from all gasoline bills he pays from this date.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, Pa.,

April 3, 1931.

Subject: Specifications—Lumber

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

I am transmitting herewith revised instructions issued by the Department with regard to items of work regarding lumber used for various purposes on street improvement contracts.

This letter was read to Council in the course of the hearing now in progress and a revision has been made in the third paragraph.

We believe that the instructions as now issued will be fully satisfactory to control the use of lumber. It will be necessary at times for the Department to come before Council with special requests if the unexpected emergencies arise that could not have been anticipated in the first place.

Unless otherwise advised we will proceed to take bids on our forthcoming contracts for street repaving, etc., on the basis of the attached letter of instructions which has been approved by me.

Yours very truly,

EDWARD G. LANG,  
Director.

Submitted by:

CHAS. M. REPERT,  
Chief Engineer, D. P. W.

DEPARTMENT OF PUBLIC WORKS

Pittsburgh, Pa.,

April 3, 1931.

Subject: Specifications—Lumber

Mr. John J. Croak,  
Acting Chief Engineer,  
Bureau of Engineering.

Dear Sir:

Confirming verbal instructions to you as of yesterday, you will in the next advertisement provide for lumber in cross walks, etc., as follows:

1. A sketch plan as a part of the contract plans showing by suitable conventions

the locations and type of construction for all lumber and this to be paid for under an item as the lump sum basis, requiring no measurement and only requiring supervision in the field, to insure the contractor placing same satisfactorily. Upon this item you will make a short supplemental specification to the effect that all lumber used shall be suitable lumber and shall be placed in a workmanlike manner and suitably framed. The lumber used to be either new lumber or old lumber in good condition and conforming to the specifications.

2. An item for additional lumber as may be required on order in the field by the Director, commensurate with the size and condition of the job, which will be exercised by the supervising engineer on the job and this quantity will be a small one, and the inspector shall likewise keep such records in his inspector's note books, and the price shall be a fixed price conforming to the average bids being received. This should take care of any normal increase on the job and will be paid for as at present as lumber in place irrespective of whether it is new or old lumber as long as it is satisfactory and in conformity with the specifications. The quantity of lumber used under the second item shall not, in any circumstances, be increased beyond the amount called for on the contract plans. Payment shall be based on records entered daily in the engineer's field books.

3. In case an emergency should arise whereunder additional lumber for any purpose is required then request must be made through the Director to Council and submitting the price with recommendation as to whether or not it is a fair price and work cannot be carried out until authorized by suitable action of Council.

With regard to the quantity to be estimated under this item attention should be given to the reasonable possibilities on the project in question and care must be exercised neither to underestimate nor overestimate the quantity, and I would suggest that you work out from experience a certain percentage of the quantities called for in the lump sum bid to be used.

Yours very truly,

EDWARD G. LANG,  
Director.

Bill No. 2346. An Ordinance entitled, "An Ordinance vacating Flag way in the 19th Ward of the City of Pittsburgh, from the dividing line between Lots Nos. 44 and 45 in Richard Cowan's Plan of Lots to Norton way."

In Council, April 6, 1931, Bill read and laid over pending report from the Board of Public Education containing a stipulation relative to damages.

Which was read a second time.

The Chair presented

No. 3355.

#### THE BOARD OF PUBLIC EDUCATION.

April 9, 1931.

Robert Clark, City Clerk,  
510 City-County Bldg.,  
Pittsburgh, Penna.

Subject: Vacation of a portion of  
Flag Way requested by the School  
District of Pittsburgh.

Dear Sir:

At Council's Committee meeting held April 1st, Carl E. Glock, Esq., representing Annie Minsinger, excepted to the vacation of part of Flag way by City Council. Annie Minsinger's property abutts on the remaining portion of Flag way not affected by said vacation. At that time it was my understanding that Mr. Glock would withdraw his exceptions to said vacation if the School District would agree to permit him to introduce testimony as to Annie Minsinger's damages in a case still pending before the Board of Viewers between the School District and Annie Minsinger.

I consented and informed Mr. Glock and members of the Committee that the School District would agree to such a proposition provided there would be no further delay and that Council would pass said vacating ordinance.

After leaving Council Chambers, Mr. Glock and myself, together with his clients, went to the Board of Viewers and they agreed to permit further testimony to be taken on Annie Minsinger's claim for damages and fixed the hearing for April 2nd at 1:15 P. M., at which time Mr. Glock and his clients, together with witnesses produced by the School District were heard.

Yesterday I talked with Mr. Glock on the phone and he informed me that his client, Annie Minsinger, had no further objection to Council passing said vacation ordinance. He also assured me that he would call on you personally and so inform you.

The School District would be very pleased to have Council pass the ordinance vacating a portion of Flag way at its next meeting, without any further delay.

Yours very truly,

J. C. McILWAIN,  
Asst. Solicitor.

Which was read, received and filed.

And the bill, as read a second time, was agreed to.

Mr. English moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Alderdice	English
Anderson	Little
Connelley	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

#### REPORTS OF COMMITTEES.

Mr. English presented

No. 3356. Report of the Committee on Finance for April 7, 1931, transmitting two ordinances and sundry resolutions to council.

#### REPORTS OF SPECIAL COMMITTEES.

Mr. Connelley reported from the special committee

No. 3359. WHEREAS, Our esteemed colleague, George J. Kambach, after a short illness, passed away at his home on Thursday, March 26, 1931.

George J. Kambach was a lifelong Pittsburgher and from early manhood had taken a deep interest in civic and fraternal affairs. He was elected to Common Council in November, 1907, and served until elected a member of Select Council in 1910, being a member of that body when it passed out of existence and the new Council of Nine was organized. He was appointed to a seat in this Council succeeding Daniel Winters, who had been appointed Controller in 1929.

George J. Kambach was a leading member of the Allegheny County Bar; was graduated from the Law School of the Western University of Pennsylvania in 1899, and was admitted to the Bar the same year. He enjoyed an extensive law practice as a member of the law firm of Kambach, Forsythe and Chess, and was a director and solicitor for several bands and building and loan associations.

George J. Kambach was active in Masonic circles, being a Past Commander of Pittsburgh Commandery No. 1, Knights Templar; he was also Past Exalted Ruler of the B. P. O. E. No. 11 and Past Deputy Exalted Ruler of the State B. P. O. E. He was a Trustee of the South Side Presbyterian Church. He gave his time unsparingly when he thought he could benefit his fellow man. He was by nature unselfish and considerate of the rights of others; he was loyal to his friends and faithful to all his responsibilities; and,

WHEREAS, We, the Members of Council and the Mayor, are deeply grieved over the passing of our colleague and take this means of trying to convey our heartfelt sympathy to his family; Therefore, be it

RESOLVED, That in the death of George J. Kambach, the City of Pittsburgh has lost

a loyal and capable official, and we and many of the citizens of this great municipality have lost a kind and considerate friend; and, be it further

RESOLVED, That a copy of these Resolutions be spread in full upon the records of Council and an engrossed copy be transmitted to the family.

Which was read.

Mr. Connelley said: Mr. Chairman, I feel a personal loss in my association here with Mr. Kambach. I have known him more than thirty years and my acquaintance with him has been such that endeared him to me perhaps more than any other member of Council. I knew his family and was familiar with the work that he was doing, both in the Church and for the people in the community in which he lived. Being closely associated with him as I was in municipal affairs, we have all regretted that his untimely death stopped something that he was trying to do in the way of building up for the good of the City of Pittsburgh. I knew of his vision in trying to develop the City in such a way that his colleagues would all have appreciated for what he was aiming. I knew personally of his untiring efforts to work in the way that he thought best for all those concerned.

I move you, Mr. Chairman, the adoption of the resolution.

The Chair said

At this time, gentlemen, I want to express to you my feeling of real personal loss in the death of our colleague, George Kambach.

Although associated with us in this Council for only a short time, he quickly endeared himself to us, by his most affable manner, his keen insight into the various phases of city government and his fearless and high attitude in the consideration of important questions pertaining to the welfare of the citizens of Pittsburgh.

His sudden and unexpected death has deprived the Council and the people of Pittsburgh of a trained and efficient mind and his presence is sadly missed by myself and I feel, too, by the other members of Council. In the passage of these memorial resolutions, we are doing but small honor to the memory of a beloved comrade and gentleman.

And the question recurring on the adoption of the resolution.

The motion prevailed by an unanimous rising vote.

## MOTIONS AND RESOLUTIONS.

Mr. Muldowney presented

No. 3360. WHEREAS, It has been the misfortune of Council and the City of Pittsburgh to have had our Chief Executive temporarily disabled through a serious illness; and,

WHEREAS, It is with much satisfaction that we are now advised that the crisis has been passed and that the Honorable Charles H. Kline is now on the road to a complete recovery; Now, therefore, be it

RESOLVED, That Council does hereby send greetings and felicitations to the Honorable Charles H. Kline, Mayor of the City of Pittsburgh, upon his satisfactory progress, and the wishes for a continuation in the improvement of his condition and for his speedy and complete recovery from his present illness.

Which was read.

Mr. Muldowney moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 3361. WHEREAS, Council has been advised by the Director of the Department of Public Welfare that it is no longer possible to care for persons infected with social diseases, due to the lack of housing facilities at the City Home and Hospitals at Mayview; and,

WHEREAS, It is highly desirable, for the protection of the public at large, that suitable housing facilities be provided for the care of such persons; Now, therefore, be it

RESOLVED, That the Mayor be and he is hereby requested to direct the Director of the Department of Public Health to make such survey as is necessary and to report to Council his recommendations as to proper steps for the continued care and housing of the socially infected.

Which was read.

Mr. Muldowney moved

The adoption of the resolution.  
Which motion prevailed.

No. 3362. WHEREAS, It has come to the attention of Council that in 1910, there was set aside in a People's Bond Issue, for the improvement of the Wharves, the sum of \$100,000.00; and,

WHEREAS, There has been a great demand for better and more convenient parking facilities on the wharves; Now, therefore, be it

RESOLVED, That the City Solicitor be requested to confer with the Director of the Department of Public Works and the City Controller, relative to the sale of these authorized bonds, and the preparation of the necessary legislation for suitable improvement of the wharves with said funds, when available.

Which was read.

Mr. English moved

The adoption of the resolution.

Which motion prevailed.

Mr. English moved

That the Director of the Department of Public Works and the City Solicitor be requested to inquire of the Pennsylvania Railroad Company whether or not they are being delayed in starting their terminal improvements pending the decision of the Public Service Commission of Pennsylvania and, if so, that they ask the Railroad Company to repair and put Penn avenue and Liberty avenue in good condition.

Which motion prevailed.

Mr. Little moved

That the Minutes of Council, at a meeting held on Monday, April 6, 1931, be approved.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

#### MOTIONS AND RESOLUTIONS

Mr. English stated

That for some time he had been advocating the lowering of electric street lights, and noticed that the light company had installed some new lights on Forbes street, near where it joins with the Boulevard of the Allies, at a height of possibly 16 or 18 feet, and would request that the members of Council visit this spot and satisfy themselves that this height of lamp is both more efficient and economical.

The Chair appointed

Messrs. English, Little and Alderdice a committee to investigate this change of lighting.

Mr. Connelley moved

That the Minutes of Council, at a meeting held on Monday, April 13th, 1931, be approved.

Which motion prevailed.

And on motion of Mr. Connelley

Council adjourned.

#### BOARD OF TRADE

12th District, 14th Ward

Pittsburgh, Pa.

#### RESOLUTION.

At the April, 1931 meeting of our Organization, the following resolution was adopted:

WHEREAS, It has pleased God to remove from our midst our late City Councillman, Mr. George J. Kambach, and

WHEREAS, It is but just that a fitting recognition of his many virtues should be had; Therefore, be it

RESOLVED, That while we bow with humble submission to the will of the Most High, we do not the less mourn for Mr. Kambach, and that we sincerely condole with the family of the deceased on the dispensation with which it has pleased Divine Providence to afflict them and commend them for consolation to Him who offers all things for the best and where chastisements are meant in mercy.

RESOLVED, That this heartfelt testimony of our sympathy and sorrow be forwarded to the parents and to his associates in City Council.

Board of Trade of 12th

District of 14th Ward.

JOHN J. HORNETT,

President.

MRS. THOMAS J. HORROCKS,

Secretary.

Which was read, received and filed, and on motion of Mr. Connelley the Communication was ordered spread in full upon the record.

Also

No. 3564.

LAW AND FINANCE BUILDING

May 7, 1931.

President and Members of Council,  
Attention: Committee on Service  
and Surveys,

City-County Bldg.,  
Pittsburgh, Pa.

Gentlemen:

The Pittsburgh Railways Company will submit the following ordinance for your consideration:

"Proposed temporary abandonment of connecting curve at the intersection of Centre and Penn avenues."

This curve connects the outbound Centre avenue track with the westbound Penn avenue track. It is worn out and must be either renewed or abandoned. Its usefulness to the system would not justify the additional investment necessary to renew it.

The Board has carefully considered this ordinance at a meeting held May 7, 1931, and recommends the same for your favorable consideration.

Attached please find copy of letter from the Attorney for the Board approving the same as to form.

Yours truly,

CHAS. A. FINLEY,  
Chairman.

Gentlemen:

The Pittsburgh Railways Company will submit the following ordinance for your consideration:

"Proposed temporary abandonment of connecting curve at the intersection of Beaver avenue and Pennsylvania avenue." The curve which it is proposed to abandon at the corner of Beaver and Pennsylvania avenues is worn out and must either be renewed or abandoned. There is practically

no use made of this curve and a renewal of the same would not justify the investment.

The Board at a meeting held on May 7, 1931, carefully considered the proposition and recommends the ordinance for your favorable consideration.

Mr. John S. Herron.  
7043 Hamilton Street,  
Pittsburgh, Pa.

Dear Mr. Herron:

The Governor is very glad to have the benefit of your opinion of House Bill No. 801 and Senate Bill No. 342, and wishes me to assure you that your recommendation with reference to these bills will receive his full consideration when action is taken.

Sincerely yours,

P. S. STAHLNECKER.

Governor's Office,  
Harrisburg, Pa.

Governor Pinchot regrets that he is unable to answer your letter personally. To read a letter, dictate an answer, read the typewritten transcript, and then sign it, takes an average of about three minutes. If the Governor worked eight hours a day steadily on his correspondence, excluding all other duties, he could not possibly handle his mail himself. He receives anywhere from 500 to 1000 letters a day. You can see how, therefore, with the best will in the world, it is impossible for him to give personal attention to every letter.

Which was read, received and filed, and ordered printed in full in the record.

Mr. Garland moved

That the Minutes of Council, at a meeting held on Monday, May 11, 1931, be approved.

Which motion prevailed.

The Chair presented

No. 3694.

#### DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, May 18, 1931.

Finance Committee,

City Council,

Pittsburgh, Pa.

Gentlemen:

Replying to your letter of May 13, 1931, requesting a report on the condition of Hoseman William L. Kirby, in connection with Bill No. 3520, Resolution for warrants in favor of

William L. Kirby, Hoseman, Bureau of Fire, injured in performance of duty, November 10, 1930, rate of pay, \$180.00 per month,

please be advised that this man was injured while in the performance of duty on November 10, 1930, suffering a crushing fracture of the 11th and 12th dorsal vertebrae of the spine (broken back), since which time he has been incapacitated for duty and under my care.

In my opinion this incapacitation is of indeterminable duration. He is now able to walk around, his back being supported by a special cast.

It is extremely doubtful if this injury will ever permit of his return to the duties of a Hoseman. However, it is highly probable that he may assume light duties within the course of time, the date of which is problematical.

Respectfully submitted,

D. E. SABLE,  
Chief Surgeon,  
D. P. S.

Which was read, received and filed.

And the resolution having been read a second time, Mr. Alderdice moved a suspension of the rule to allow the third reading and final passage of the resolution.

Mr. Muldowney moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Garland arose and said:

Mr. President, Council today received a communication from the Congress of Women's Clubs asking for a hearing on the fireworks ordinance. I move that their request be granted and a date be fixed some time this week by the Chairman, and in the meantime action be postponed until we have had the hearing on the ordinance.

Which motion did not prevail.

Mr. Garland arose and said:

Mr. President, under remarks on the motion, I would like to say that I am opposed to the ordinance. I want to say that it would be much better in my opinion if the city would provide an appropriation, such as we did years ago, for the display of fireworks under city supervision. The City formerly did this and there was \$5,000.00 appropriated for public fireworks display. However, this custom was discontinued and there has been no appropriation provided for the last few years. It would be wisdom on the part of Council to have fireworks displays in our public parks and playgrounds under expert supervision. No matter what the appropriation might be, it could not be too large. Last year the death of a child occurred, and five suffered the loss of their eyes and three had their fingers blown off. In the City of Erie in 1927, eight deaths occurred from tetanus, or lock jaw.

It seems to me that we could take money and have those displays in public, so that the children of the community could visit those locations, rather than have the fireworks visit the children.

I know this matter has been practically worn out in committee as we had meeting after meeting, and I know you gentlemen know how you will vote. I say in my opinion it is much better to save life and prevent permanent disfigurement and loss of eyes or fingers.

Mr. Little arose and said:

Mr. President, I don't object to having fireworks in the parks by the city, but it is a matter to take up in the budget, and this is not the time to discuss it.

Mr. Garland arose and said:

It is only a suggestion.

Mr. Little said:

I think we should vote on this bill. You can't provide anything that will take the place of fireworks for the children on the Fourth of July. I don't know who started this thing. Whether it was the English that started it (I don't mean this English), and celebrated the Declaration of Independence or not—

Mr. Garland arose and said:

They celebrated the occasion with bonfires.

Mr. Little said:

Mr. President, I think we should vote for this compromise bill.

Mr. English arose and said:

Mr. President, I regret very much that there is so much disturbance being raised over this compromise ordinance in our efforts to handle the fireworks problem.

For several years the Council has endeavored to regulate the matter of fireworks. We have been ridiculed by the newspapers, but the results of our work are beginning to show because we now learn that the number of deaths and accidents are being reduced.

We were ridiculed because we attempted to prevent the shooting of fireworks in the city, in view of the fact that surrounding townships and boroughs did not have any restrictions of any kind regarding the sale or use of fireworks. That is what makes it such a troublesome question since the city is unable to control the outside communities.

However, I believe this compromise mea-

sure, which prohibits the sale to children of 12 years and under, is a great step forward in this matter.

No one claims that this ordinance is perfect, and until parents give this more consideration as individuals we must continue to hope for better results.

There are more people killed by automobiles, and yet no one would think of prohibiting the manufacture and sale of automobiles.

Very frequently young children are burned because their parents leave matches around where the little ones can play with this deadly menace, but no one thinks of prohibiting the manufacture and sale of matches.

It is really a matter of education, and we hope with this compromise ordinance, we will eventually obtain a safe and sane Fourth of July celebration.

Mr. Anderson arose and said:

Mr. President, in opposing the ordinance, I want to say that the thing which appeals to me mostly is the danger from accidents. When the attorneys who represent the manufacturers of fireworks appeared before Council in hearing and also in a letter sent to Council, they stated that the use of the different materials, and they specified sparklers and fire crackers, were harmless, and later they admitted that that was not the case.

The gentleman who just spoke, I agree with him, that we are getting very near a solution, but we should go a step further and prohibit the sale of fireworks entirely—the dangerous fireworks, and they are dangerous. The manufacturer and the representatives of fireworks concerns, at the hearing, stated with reference to sparklers, when I asked the question about their manufacture, that they have improved it, but they are constructed today as they were ten years ago. I cited a case which happened nine or ten years ago, where a child died from burns from a sparkler. I asked whether they changed the manufacture of sparklers, and they said no. It is not the danger of the sparkler itself, but it is constructed on a steel wire, which becomes hot from burning, and there is the danger. I asked, "Why don't they eliminate the danger? Why not have the sparkler constructed on wood?" A number of cases were cited where death occurred from this very fact, and yet they don't eliminate the danger, and they ask the Council to allow them to sell the goods that they manufacture with all this danger connected to it.

It is not fair to the Council and it is not fair to the children. It is not a question of a child 12 years old buying fireworks, but it is the question of a child having the privilege under this ordinance and handing them out to younger children. That is what happens and that causes the accidents.

As to the fire cracker, it is the same thing. The idea of saying a fire cracker shall not exceed four inches in length and  $\frac{3}{4}$  of an inch in outside diameter is ridiculous.

Mr. President, I know whereof I speak. This thing happened in my own home where a death occurred of a child only five years old. That child didn't purchase the sparkler. The sparkler was handed to the child, and that is a natural thing to do in a neighborhood where there are a number of children setting off fireworks. I say the danger is not eliminated.

Mr. President, I am not interested in any other parties, or in any manufacturer. I am interested personally, and I have the right to be. I know whereof I speak.

We should vote for it, and I am going to disagree with the majority of Council, but I am not going to quarrel with them if they think it is going to eliminate this danger.

The thing I am speaking of happened. The manufacturer of these particular fireworks, as you call it, is manufactured in the same manner after all these years. Now, surely if the manufacturers of fireworks had the interest of the child at heart, they would at least manufacture this toy or this piece of fireworks and eliminate this danger.

As far as the license to sell fireworks on certain days is concerned, that does not appeal to me at all. I venture to say that the same provisions in this ordinance are practically the same as in our last ordinance in regard to obtaining permits or licenses to sell retail fireworks. I suppose there were between 150 and 200 licenses taken out in the entire city, and I will venture to say that 2,000 or more retail stores sold fireworks; and the same thing will happen under this ordinance. As far as the penalty is concerned, that does not appeal to me. It is not necessary for a retailer to sell to a child under 12 years of age, and he is not responsible for selling to a child under that age, but the fireworks are purchased and handed to a child of 12 and under; and we are not prosecuting children for doing such things.

Mr. President, I again say that Mr. English has come close to stopping all the

dangers, but he has not gone far enough, and the manufacturers themselves have admitted to every member of this Council, with the exception of Mr. English, that they have not tried to eliminate the danger which causes the death of children by the sale and use of such fireworks. Therefore, Mr. President, I am opposed to the Ordinance.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Which motion prevailed.

Mr. English at this time read the following article from the Pittsburgh Press of Sunday, May 24, 1931:

#### LAW BROADENS COUNCIL POWER

##### Deputy Now May Be Named to Replace Controller If He Quits.

City Council has the power to elect a Deputy Controller in the absence of action by the Controller under an act of the Legislature signed by Governor Pinchot Friday.

The new law, drafted by Solicitor Waldschmidt, is designed to prevent the possibility of paralyzing disbursements of the

City and Board of Education as when Henry Oliver Evans resigned as Controller in 1929.

Under the act Council may name a Deputy Controller, who has the same power as a Controller, in case there is no Controller or that official fails to appoint a deputy.

By discharging the Deputy Controller, John Schilpp, Jr., almost at the same time he resigned, Evans, in an effort to force Controller-elect Daniel Winters into office, created a situation almost unparalleled in the City's history.

Evans, defeated by Winters for the office, suddenly resigned November 27. A few minutes before he sent his resignation to Council he dismissed Schilpp, who had been an employe in the Controller's office more than 25 years.

Without either a Controller or a Deputy, no payments of either city or school funds could be made.

Payrolls were held up, creditors of the City began a clamor for bills due and City Hall was thrown into an uproar of excitement.

Mr. English moved

That the article be printed in full in the record.

Which motion prevailed.

Mr. Alderdice moved

That the Minutes of Council, at a meeting held on Monday, May 18, 1931, be approved.

Which motion prevailed.

The Chair stated

That notices had been sent out by the Florists' Association for a hearing before Council on Monday, May 25, 1931; that Council set all its hearings for Wednesdays and it was not customary for others to arrange hearings, but as these gentlemen had a large representation present, Council would grant them a brief hearing after adjournment.

And on motion of Mr. Alderdice

Council adjourned.

Bill No. 3644. Resolution authorizing and directing the Mayor and the Director of the Department of Public Works to execute a lease, on behalf of the City of Pittsburgh, to Elmer Lang for all those certain two tracts of land situate in the Eighteenth Ward of the City of Pittsburgh, bounded and described as follows:

(a) Beginning on the northerly side of Carson street West, at the corner of property owned by the City, formerly used as an approach to the old Point Bridge; thence northeastwardly along the line of said old approach a distance of 68.54 feet; thence by a curved line southwestwardly a distance of 100.30 feet to a point on the northerly side of Carson street West; thence westwardly along said northerly side of Carson street West, a distance of approximately 90 feet to the place of beginning; containing approximately 450 sq. ft.

(b) Beginning at the place of beginning in the first described tract; thence eastwardly along the northerly side of Carson street West, a distance of approximately 40 feet; thence northwardly by a curved line to a point on the westerly side of the old approach to the Point Bridge, said point being approximately 50 feet from the place of beginning; thence southwestwardly along the westerly side of the old approach to the Point Bridge, a distance of approximately 50 feet to the place of beginning; containing approximately 625 sq. ft.

Said lease to be for a term of five years, commencing June 1, 1931, for use by the tenant as a part of a gasoline service station and approach thereto, at the annual rental of \$300.00, payable at the rate of \$25.00 on the first day of each month, in advance, during the term; said lease to contain a clause that the City shall have the right to cancel the same on 60 days' notice in writing to the tenant that the City desires the property for municipal purposes; the form of lease to be approved by the City Solicitor.

In Finance Committee, May 26, 1931, Read and amended by striking out the words "Eighteenth Ward" and by inserting in lieu thereof the words "Nineteenth Ward," and by striking out the words "to the tenant that the City desires the property for municipal purposes," and as amended ordered returned to council with an affirmative recommendation.

Also, with an affirmative recommendation,

Bill No. 3643. An Ordinance entitled, "An Ordinance authorizing an Agreement with the Borough of Crafton for the extermination or confinement of a mine fire in the McShane property in the City of Pittsburgh, providing for the letting of a contract to do the work and the division of the cost of the same."

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Garland stated

That the Director of the Department of Public Works should be allowed to continue the old contract without re-advertising.

The Chair stated

That he had sent for the City Solicitor to advise how this could be done.

Mr. Waldschmidt, the City Solicitor, appeared at this time, and being questioned by President Herron, stated that it would be necessary to amend the present ordinance by inserting the words "upon a cost-plus basis"; that this bill would have to be followed by another ordinance making an emergency appropriation and providing for letting a contract upon a cost-plus basis.

Mr. T. M. Dunn, member of Crafton Council, being present, was introduced by President Herron, and stated that the question would be taken up by Crafton Council and a similar ordinance passed by that body at a meeting to be held this evening, and he thanked the members of Pittsburgh Council for their co-operation in trying to extinguish this fire before it does further damage.

#### DEPARTMENT OF LAW.

June 2, 1931.

Committee on Public Works of Council.

Gentlemen:

In reference to the motion adopted at a meeting of your Committee held May 26, 1931,

That the City Solicitor be requested to furnish a further report, for consideration at the meeting of the Committee on Finance on Wednesday, June 3, 1931, as to whether or not his recent ruling that the City does not have the right or authority to appropriate funds or grant sums of money for use of Soldiers' and other conventions held in the City of Pittsburgh from time to time, affects the \$2,500.00 already appropriated for that purpose in the 1931 Budget.

I report as follows:

It is a well settled law in Pennsylvania that Council can only appropriate to affairs of a municipal nature as an agency of the government and cannot appropriate for the welfare of individuals.

In the matter of conventions the City has no right to appropriate money for individuals or for certain groups for their entertainment or expenses. Council only has the right to expend money through its organized agencies and for the general welfare of all the inhabitants of the municipality. Soldiers' conven-

tions are the same as any other conventions, but the City has the right under special statutory powers to take care of soldiers' monuments, decorate graves and to provide meeting places for duly incorporated soldier organizations, as provided by the Act of Assembly.

I can find no statute which authorized the payment of money raised by City taxes for the relieving of certain organizations or individuals desiring to have conventions in this city and authorizing the City to appropriate money for the same.

Respectfully yours,

CHARLES A. WALDSCHMIDT,  
City Solicitor.

In re: Agreement Ordinance

Dear Sir:

Please be advised that the Town Council of Crafton Borough at a regular meeting on Tuesday evening, June 2, 1931, adopted an Agreement Ordinance the same as the one adopted by your honorable body on the same date.

I have notified Mr. Waldschmidt of our action.

I take this opportunity to thank you and the members of Council for the numerous

courtesies extended me during our negotiations.

OFFICE OF THE MAYOR

June 4th, 1931.

To the President,  
And Members of City Council,  
City of Pittsburgh.

Gentlemen:—

Bill No. 3495, relative to the storage, sale and use of fireworks is now before me for my consideration.

Section 2 of Ordinance No. 524, approved December 19th, 1925, relative to the sale of fireworks in the City of Pittsburgh, and which bill will remain in full force and effect should I veto this bill, reads as follows:—

"No person, firm or corporation shall sell or offer for sale fireworks, fire crackers, sparklers, rockets, fire balloons and other pyrotechnics in the City of Pittsburgh, unless he, they or it shall first receive a written license so to do".

According to this Ordinance, there is no limitation as to the kind or character of the fireworks to be sold, and only prohibits a person, firm or corporation using the fireworks which are purchased. In other words, by the payment of a license fee of fifty dollars, a merchant is permitted to sell fireworks in the City of Pittsburgh, but the person so buying is prohibited from discharging or using them. This, I believe, is an anomaly because, for the celebration of the Fourth of July it has been the custom to shoot fireworks, and if we are to allow children to buy fireworks and not allow them to discharge them makes it a very strange condition. There is no provision as to the kind or character of fireworks to be sold.

After reading the Ordinance which is now in effect and to which I have just referred and the bill which is now before me, I believe this bill is a step forward for the safety of our citizens. This Ordinance provides that no person, firm or corporation shall store, sell or offer for sale any fireworks, fire crackers, sparklers, etc., without first having obtained a license from the Bureau of Building Inspection. It also prohibits the

storage of fireworks in certain buildings and certain locations, for which the former Ordinance made no provisions. It also provides for the protection by fire extinguishers. There is provision also that it is unlawful to sell fireworks to children under twelve years of age, and also provides what fireworks can be sold even to adults, as follows:—

"Section 6. Except as permitted by Section 8 of this Ordinance, it shall be unlawful to sell or use:

- (a) Toy torpedoes containing more than five grains of explosive mixture;
- (b) Fire crackers exceeding four (4) inches in length and  $\frac{3}{4}$  of an inch in outside diameter, and containing not more than two grains of explosive mixture;
- (c) Skyrockets larger than those commercially designated as one-pound size;
- (d) Balloons carrying a lighted substance;
- (e) Blank cartridges, any cannon, cane pistol or other device in which blank cartridges can be fired;
- (f) Cannons using gunpowder for ignition;
- (g) Large bombs or shells or any fireworks of large type, or any fireworks not approved by the United States Bureau of Explosives, or any fireworks not approved for transportation by the Regulations of the Interstate Commerce Commission of the United States."

In the Bill before me it prohibits the sale of fireworks at any time except between June 25th and July 5th of each year, while in the Ordinance now in effect, fireworks could be sold at any time during the term of the license.

I believe that a greater cloak of protection is thrown around the children and the adults than exists under the present Ordinance, and the only thing before me now is whether this bill grants a greater protection of our citizenry than the one now in force. The question of prohibition of fireworks is not before me.

Therefore I have approved this Ordinance for the storage, sale and use of fireworks for the reasons as above stated.

Sincerely yours,

CHARLES H. KLINE,  
Mayor.

#### DEPARTMENT OF CITY CONTROLLER

Dr. James P. Kerr, City Controller

June 6, 1931.

To the Council.

Gentlemen:—

Bill No. 3713, a resolution for a warrant  
in the amount of \$13,893.85, in favor of the  
Stevenson - Foster Company for furnishing  
forms, tax and water bills for the Depart-  
ment of City Controller was referred to me  
for a letter.

The function of billing taxes and water  
rents was detailed to this office which re-  
quired billing machines of a special construc-  
tion. Nothing could be done until the ma-  
chines arrived, which was November 20th,  
1930.

The question of bills and forms then came  
up for consideration together with the prob-  
lem of making the ledgers, tax and water  
bills and having them ready for distribution  
by January 1st, 1931. We had just forty

days, so the question of time entered into the problem materially.

The Stevenson-Foster Company was familiar in a general way with the construction of the machines and engaging their services seemed the only expedient for the reason that it was necessary to have 121,883 tax bills, 121,883 school tax bills, 38,019 flat water bills and 65,000 metered water bills, or a total of 345,785 statements, together with 50,000 ledger sheets prepared immediately.

The time was so limited and the volume of material so great that we could not solicit bids and complete the task in the limited time of forty days. The Stevenson-Foster Company originated the forms, tax and water bills and due to their co-operation and service we accomplished our task in the scheduled period. I, therefore, recommend payment of this bill.

Very truly yours,

JAMES P. KERR,  
City Controller.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also, with an affirmative recommendation,

Bill No. 3711. Resolution authorizing and directing the City Controller to transfer the sum of \$3,800.00 from Code Account No. 1888, Improvement Snyder's Square, to Code Account No. 1802, Equipment Schenley Stable.

Which was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 3418. Whereas, Charles R. Smithyman et ux. are the owners of a certain lot in the 19th Ward of the City of Pittsburgh, fronting 25 feet on the south-easterly side of Starkamp avenue, and being lot No. 1367 in the plan of Third Ward, Brookline, recorded in Plan Book, Vol. 22, Page 151; and,

Whereas, This said lot is the lot known as V-14 on the Viewers' Plan for the assessing of benefits for the paving of Starkamp avenue; and,

Whereas, Through some oversight on the part of the Deed Registry's Office, the said Viewers No. V-14 calls for 30 feet instead of 25 feet; and,

Whereas, Because of said error the said Charles R. Smithyman and wife are assessed \$390.00 instead of \$325.00; Now, therefore, be it

Resolved, That the said Charles R. Smithyman, et ux., be exonerated from the payment of the \$65.00 erroneously charged against them, and the City Treasurer is hereby directed to accept \$325.00, with interest, in settlement of the assessment marked V-14, as aforesaid.

In Finance Committee, June 3, 1931, Read and amended by striking out the balance of the resolution, after the word "Resolved," and by inserting in lieu thereof, the following: "That the City Solicitor shall be and he is hereby authorized and directed to accept the sum of \$325.00, with interest, from Charles R. Smithyman et ux. in full payment of the assessment for the grading, paving and curbing of Starkamp avenue," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. English moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in committee and agreed to by Council, was read.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also, with a negative recommendation,

Bill No. 3714. Resolution authorizing the issuing of a warrant in favor of John G. Wenzel, 3510 Gerber avenue, in the sum of \$52.93, in full settlement of any and all claims which he has or might have against the City for damages incurred on April 21, 1931, by reason of the omission of a lateral at No. 3506 Gerber avenue, and charging the same to Code Account No. 42, Contingent Fund.

Which was read.

Mr. English moved

That further action on the resolution be indefinitely postponed.

Which motion prevailed.

Mr. Little presented

No. 3791. Report of the Committee on Public Works for May 6, 1931, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3062. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved October 9, 1923, by changing the Zone Map, Sheet Z-N10-E30, so as to change from an 'A' Resident Use and Second Area District to a Commercial

Use and Third Area District all that certain property located at the southwest corner of Lemington avenue and Montezuma street, having a frontage of 20 feet on Lemington avenue and 86.15 feet on Montezuma street."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Herron (Pres't.)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council shall be required for final passage.

Mr. Little also presented

No. 3792. Report of the Committee on Public Works for June 3, 1931, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1136. An Ordinance entitled, "An Ordinance authorizing and directing the grading to a width of 45 feet, paving and curbing of Michigan street, from Estella avenue to Beltzhoover avenue, including, as may be necessary, the grading of approaches on streets affected thereby and sinking of exploratory test holes; letting a contract or contracts therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby, and providing, fur-

#### MOTIONS AND RESOLUTIONS.

Mr. English presented

No. 3844.

Department of Public Works

June 15, 1931.

President and Members of Council,  
City of Pittsburgh.

Gentlemen:

By letter dated October 8, 1930, the Mayor and the City Controller certified the existence of an emergency and the necessity

for an appropriation to meet same as follows:

"Whereas, a fire in what is apparently an abandoned coal mine near Baldwin road, 28th Ward, in the vicinity of property owned by F. L. McShane et al, has reached a serious condition and,

Whereas, the Fire Department has on several occasions recently been required to make hurried calls to attempt to prevent said fire affecting buildings in the vicinity and,

Whereas, prompt action to extinguish or control this fire is necessary and,

Whereas, the undersigned consider the situation to constitute a serious public emergency, Now Therefore

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, to meet the same."

Pursuant to said certification and an Ordinance authorizing the letting of an emergency Contract, the sum of Ten Thousand (\$10,000.00) Dollars was expended, which sum was insufficient to complete the work and it is estimated that an additional sum of Sixteen Thousand (\$16,000.00) Dollars will be required.

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of an additional sum of Sixteen Thousand (\$16,000.00) Dollars, or so much thereof as may be necessary to meet the same.

CHARLES H. KLINE,  
Mayor.

JAMES P. KERR,  
Controller.

Which was read, received and filed.

Also

No. 3845. An Ordinance amending the portion of line 1 of the title, line 3 of Section 1, and lines 5 and 9 of Section 2 of Ordinance No. 469, approved October 10, 1930, entitled, "An Ordinance making an emergency appropriation in the sum of Ten Thousand (\$10,000.00) Dollars, for the purpose of putting out or confining

a fire in the abandoned coal mine near Baldwin road in the immediate vicinity of the F. L. McShane et al property, and authorizing the letting of an emergency contract or contracts therefor," by increasing the sum of Ten Thousand (\$10,000.00) Dollars, appropriated therefor to read "Twenty-six Thousand (\$26,000.00) Dollars."

Which was read.

Mr. English moved

A suspension of Rule VIII, providing for mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to the final consideration of such papers by council.

Which motion prevailed.

Mr. English moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Alderdice	Garland
Connelley	Little
English	Muldowney
	Herron (Pres't.)

Ayes 7. Noes none.

And all of the votes of the members of Council present being in the affirmative, the bill passed finally, as provided in Section 12 of the Act of May 31, 1911, relative to the passage of bills in case of public emergency.

Mr. Muldowney presented

No. 3846. WHEREAS, The County of Allegheny is the owner of certain property situate under the 40th Street Bridge; and,

WHEREAS, It has been suggested that this might, with little expense, be converted into a recreation center, for use of the people of this vicinity; Now, therefore, be it

RESOLVED, That the Director of the

Department of Public Works be requested to communicate with the proper County officials with a view to securing permission for the City of Pittsburgh to occupy and use the above property for recreation purposes.

Which was read.

**Mr. Muldowney moved**

The adoption of the resolution.

Which motion prevailed.

And on motion of Mr. Little, the Minutes of Council, at a meeting held on Monday, June 8, 1931, were approved.

And on motion of Mr. Muldowney  
Council adjourned.

No. 3917.

#### SOHO COMMUNITY ASSOCIATION

Pittsburgh, Pa.,

June 22, 1931.

Hon. Members of City Council,  
City of Pittsburgh,  
Pittsburgh, Penna.

Gentlemen:

It has been the custom for the past 5 years for The Soho Community Association to hold their annual Independence Day Celebration on the part of the Kennard Playgrounds bounded by Soho and Emmett streets, and it is our intention to hold the 6th Annual celebration on the same location as in the previous years.

Mr. T. L. Pillow, Superintendent of Highways and Sewers, informs us that to get band stands built, as we have had in the past, we will have to get your Honorable body to grant us permission so that Mr. Pillow can proceed to build them as he has done in the past. The locations are the same as last year, one at Soho and Emmett streets, and the other one on Reed street, between Soho street and Center avenue.

Trusting that your body will give this matter your attention, I am

Respectfully yours,

Soho Community Association,

David B. Roberts,  
President.

Which was read.

**Mr. Little moved**

That the communication be received and filed, and that the Director of the Department of Public Works be asked to comply with the request contained herein.

**Mr. Alderdice moved**

To amend the motion by adding "and with all similar requests insofar as he has money available."

Which motion prevailed.

And the question recurring on the adoption of the motion, as amended.

The motion prevailed.

lough way and Freedmore street; (b) bounded by Irwin avenue, Columbia place, a line parallel with and 64 feet east of Irwin avenue, Armandale street, Cameo way and the present Commercial District."

Which was read.

Mr. Little moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. English arose and said:

Mr. President:—I want to be recorded as voting in favor of the amending Zoning Ordinance known as Bill No. 3664, to permit of the commercial use of property on Irwin avenue, which has been before us for some time.

I regret very much, Mr. President, that some good people living in that vicinity, opposing the change to commercial, either do not understand it, as we think we understand it, or else they have not had enough experience with it, and in their zeal in opposing an ordinance of this kind they are really injuring themselves.

Naturally they might smile at a statement like this coming from a public servant, but that is really what it amounts to.

The Council heard the request for the change in this zoning classification. We were told that a gentleman who owns a piece of property on this street desires to use it for a mortuary for embalming and undertaking business. The City Engineer, Mr. Arthur, went over to check it up so he might advise Council regarding it, and it was Mr. Arthur, Engineer of the City Planning Commission (who has been with the city for so many years and has been handling this zoning business from its inception for upwards of 10 years) who suggested and recommended the additional property to be zoned Commercial as described in this ordinance.

At the solicitation of the protestants the Council viewed this property. What did we find? We found business at both ends of this particular section of Irwin avenue. We found business in the middle of the district, legitimate business, legitimately there, because it was there as commercial before the original zoning ordinance of 1923 was adopted. We also found that there are quite a number of businesses which have crept into this particular section of Irwin avenue and they

are now there under what is known as non-conforming use. That is, nominally, the district, technically and legally, is restricted to residences, but actually, and as a matter of fact, both prior to the passage of the original zoning ordinance and since its passage, various kinds of business are being carried on there in a commercial way.

Now, as stated at one of the hearings, the people who got damages when the city took their property for the widening of Irwin avenue, that it was their understanding and agreement—that somebody had told them that this was to remain forever as residence property.

The members of Council know full well that nobody had any authority to give out an intimation or statement or make agreements of that kind. It certainly was not our intention to forever restrict Irwin avenue to residences when asking the voters of Pittsburgh to pass favorably the bond issue for the widening and making of Irwin avenue, a former residence street, into a great highway—an artery of traffic. The fact that commercial business was already there and more has crept in there is absolute evidence that the time has arrived, eight years after the original zoning, to change it to commercial. As a matter of fact, Irwin avenue should have been zoned originally as commercial rather than residential.

It is very unfortunate that we have to disagree with people, but if we as members of Council are voicing what we think is for the greatest good for the greatest number of the people, we have to do the best we can as we see it.

I am very sorry that some of the ministers brought into the matter the question of race prejudice, which, as you know, Mr. President, has never had any place in this Council since you and I have been here, and God forbid that such a matter should ever be brought into this Council. However, since it has been brought in and by Ministers of the Gospel, I think it is only fair for me to say that I am sorry indeed that any minister or any member of any church should raise such an issue, no matter how much or how little they contribute to the betterment of the colored race. Now, when there is an opportunity to help one of the colored race they turn their backs on him. Council cannot be a party to such conduct. This man seeks an opportunity to help the people of his race by providing them with a mortuary and as good citizens to hold services for their dead just as other American citizens.

I think this is the time and place for some member of Council to protest against the action and statement of those who appeared at the hearing a week ago. I am sorry that anybody in Pittsburgh holds such views, and I will be very sorry indeed if a single vote is cast against the passage of this ordinance.

I take the high ground that Irwin Avenue is really a commercial district and should be zoned accordingly. I presume that if someone other than a colored gentleman wanted to establish this business there, some of the neighbors would not protest. For the information of those who did protest, this gentleman had the signatures of 53 per cent. of the surrounding property owners, so he has the support of a majority of the people in the district affected. If they are satisfied that the colored race should have a mortuary there, and if this gentleman has accumulated sufficient money through thrift and industry to build a building, God forbid that the City of Pittsburgh, with me as a member of Council, would turn him down on account of his color.

Mr. Alderdice arose and said:

Mr. President, I just want to make a few brief remarks on this ordinance before the vote is taken. I coincide with everything that Mr. English has said regarding this ordinance. Never in all my experience in Council have I found a place that is better suited for commercial activities than the district described in this ordinance. As stated by Mr. English, it is composed of commercial activities of every description. I believe I would be derelict in my duty if I failed to vote for the passage of this ordinance to help these people better their conditions by permitting one of their race to establish a mortuary in this district.

I therefore want to be recorded as voting in favor of the passage of this ordinance.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Alderdice	Little
Connelley	Muldowney
English	Herron (Pres't.)

Noes:—Messrs.

Anderson	Garland
----------	---------

Ayes 6. Noes 2.

And there not being three-fourths of the votes of Council in the affirmative, the bill failed to pass finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council shall be required for final passage.

#### MOTIONS AND RESOLUTIONS

Mr. Alderdice, at this time obtained leave, and presented

No. 3976. Resolution authorizing the issuing of a warrant in favor of Mrs. John Owens in the sum of \$25.75, being refund of a fine paid in the case of John Owens, who served thirty days in the Allegheny County Workhouse despite the payment of said fine by Mrs. Owens, who inadvertently did not take the proper steps to secure his release after the payment of said amount, and charging the same to Appropriation No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance.

Mr. Little presented

No. 3977. Remonstrance against the grading and paving of Daisy avenue, grading and paving of East Kennedy avenue, between Veteran street and Goshen street, construction of a wall across Kennedy avenue at Sherlock

street, and grading and paving of Sherlock street.

Which were read and referred to the Committee on Public Works.

The Chair presented

No. 3979.

June 25, 1931.

President and Members of  
City Council,  
Pittsburgh, Pennsylvania.

Gentlemen:

It has been brought to my attention that the left turn from the west on Bigelow boulevard to the north on Herron avenue creates hazardous conditions and interferes greatly with the heavy flow of traffic on this important artery. I have therefore decided to institute a 60-day trial prohibiting a left turn from the west on Bigelow boulevard to the north on Herron avenue at any time, effective July 1, 1931.

This regulation will not prevent motorists from reaching points north of Bigelow boulevard via Herron avenue. They will be able to make a right turn at the diagonal cutoff on the south side of the boulevard just west of Herron avenue, and by a right turn be in position to make a crossing of the boulevard at right angles. While this will slightly inconvenience a few movements somewhat, the advantages from the safety standpoint far outweigh this consideration.

Yours very truly,

JAS. M. CLARK,  
Director.

Approved:

CHARLES H. KLINE,  
Mayor.

Which was read and referred to the Committee on Public Safety.

Mr. English moved

That the Minutes of Council, at a meeting held on Monday, June 22, 1931, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

The Chair said:

Gentlemen, it has occurred to me that now is the time to take action to fill the vacancy in Council caused by the death of George J. Kambach.

The Chair has notified all of you that such action would be taken today, and you are all here, and this being the time and place, I believe we ought to notify the Mayor that we are ready to take such action.

I will appoint Messrs. Connelley, Muldowney and Alderdice to notify the Mayor, Hon. Charles H. Kline, that we are ready to go into an election to fill the vacancy in Council caused by death of George J. Kambach.

Mr. English moved

That the regular order of business be suspended for the present, and that Council do now go into an election to fill the vacancy in Council caused by the death of George J. Kambach.

Which motion prevailed.

And the committee having retired to perform the duty assigned it, returned with His Honor, Mayor Charles H. Kline, and there were present:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Herron, (Pres't.)

and Hon. Charles H. Kline, Mayor.

The Chair said:

Gentlemen, nominations are now in order.

Mr. English arose and said:

Mr. President, I arise at this time and take great pleasure in placing before Council in nomination for this vacancy, the name of John M. Phillips, of the Carrick section of the City of Pittsburgh, now known as part of the South Side of the City.

I have known Mr. Phillips for a great many years. We in Council have come in contact with him and his good wife, who is quite a civic leader and represented the Brashcar Settlement the last time she appeared before Council.

I believe if we will elect Mr. Phillips he will not only do credit to the Council, but do a lot of good for the City of Pittsburgh.

Mr. Phillips is a man of mature age, has had quite a liberal education in the world of business and commerce, is an outstanding citizen, and has been connected with most of the great things that have been of benefit to the City and State, and above all, the thing that appeals to me is the sterling independence of John M. Phillips.

I want to say before I take my seat to cast my vote for Mr. Phillips that he comes into this Council without any strings or fetters attached to him; just as I have always stood in this Council. Although I have been associated with politicians and party factions, I cast my vote of my own free will and accord, and in that way Mr.

Phillips comes into City Council; so he is absolutely free to vote for or against any measure which he cares to favor or oppose. With such an entrance today, I hope the pleasant relations which have existed in Council the past few years, with Mr. Phillips will continue after he becomes a member.

Mr. Alderdice arose and said:

Mr. President: It is with great pleasure that I second the nomination of Mr. Phillips to fill the unexpired term of our dead colleague, Mr. Kambach.

Mr. Connelley arose and said:

Mr. President: I have known, perhaps, John M. Phillips longer than anyone in this Council. I was associated with him on the South Side, in the manufacturing business; I being a worker and he too a workman.

I have known of his sterling qualities, and know one who believes in civic righteousness.

I know in the State of Pennsylvania, as Game Commissioner, what he did, and know what he has done for the school children and for the Boy Scouts. Perhaps no other man in the State of Pennsylvania has taken as much or more interest in this work than he has. I know of his work in Carrick in the Borough Council. I know of his association, both in business and church work, and I feel sure that this Council will be honored by having him as a member. I therefore second the motion of Mr. English.

Mr. Garland arose and said:

Mr. President: I wish to place in nomination the name of P. J. McArdle, our former colleague. It is unnecessary for me to dwell upon his high qualifications for the office, obtained through service. They are well known to all of us.

He has announced his candidacy at the coming September primaries for the next four-year term, and every newspaper in Pittsburgh has editorially volunteered him its support, which is a remarkable tribute to his exceptional fitness for the office.

Mr. Anderson arose and said:

Mr. President, I desire at this time to second the nomination of Mr. McArdle. I have met few men with a greater mind than Mr. McArdle. I have met few men who know more about municipal affairs than Mr. McArdle. His training as a councilman fits him for this position. There has never been a time in this Council when the

Council needs a man more with the ability that Mr. McArdle possesses, than at the present time.

Mr. McArdle is a candidate for Council. I am not only for him today, but I pledge myself I will vote for him at the Primaries.

Mr. McArdle has been a member of this Council, and there is not a man or woman in all the time he was in Council, who did not respect his thought and judgment.

In solving the problems that come before the Council, Mr. McArdle is all that Mr. Garland has said.

Mr. McArdle is an honest man; it goes without question. Mr. McArdle has the ability which few men possess. I venture to say as I have said before that there are few men in the City of Pittsburgh who have had the experience that Mr. McArdle has, who has given greater thought to municipal problems, and it is my thought that he should be elected here.

I have nothing to say in regard to the other gentleman who has been nominated. I don't know him. I only hope he is a man of the type Mr. English says. I don't know of a man who has more courage of carrying out his thoughts and his convictions than Mr. McArdle. I hope Mr. Phillips, if elected, is going to be a man of that calibre. Mr. McArdle is owned by no man or set of men. He is a man we all know, especially those who served in Council with him. He has a mind of his own. He solves his problems himself without the assistance of any man or set of men. And I feel that the public appreciates now the great loss that has befallen this city by his absence as a member of this Council. I feel that the Council would be doing the right thing to elect him to this vacancy. That is all I have to say, Mr. President.

Mr. Garland arose and said:

Mr. President: I would like to say one word about the candidate who will win out today. I dispute what Dean Connelley has said. Dean Connelley does not know how long I have known Mr. Phillips. I will vouch for him more than any man in this room as to his high character and ability and his success as a business man. I do that, and no man in Council can do that better than I, because I have known him favorably for many years, and Dean Connelley overlooked that fact. Mr. Phillips will testify to that fact.

In making the motion to place in nomina-

tion Mr. McArdle, I stick to a principle and my friends, recognizing what gratitude means.

Mr. Alderdice moved

That the nominations close on the names of Mr. Phillips and Mr. McArdle.

Which motion prevailed.

Mr. English arose and said:

Mr. President, I would like to say a word. I feel sorry for what I have to say—

The Chair:

If you are sorry, don't say it.

Mr. English continued:

I am not sorry for myself, but I am sorry for others. I flatter myself on the fact that when I asked Mr. Phillips last week whether he would take this place, he told me that he had met Mr. Garland on the street a month ago, and that Mr. Garland urged him to accept the place and that he (Mr. Garland) would vote for him, that we would be getting a man satisfactory to all of us. I don't know what in the world caused Mr. Garland to change his mind and nominate another, but I feel politics has crept into this situation, but I did not bring in the politics.

And there being no further remarks, the Clerk was instructed to call the roll, and the roll being called, the result of the voting was as follows:

For John M. Phillips—Messrs.

Alderdice	Little
Connelley	Muldowney
English	Herron (Pres't.)

Hon. Charles H. Kline, Mayor.

For P. J. McArdle—Messrs.

Anderson	Garland
----------	---------

And John M. Phillips having received a majority of the votes of Council, in conjunction with the Mayor, was duly elected a member thereof, in accordance with the provisions of an Act of Assembly approved May 31, 1911.

The Chair said:

Mr. Phillips having been duly elected a member of Council, the Chair appoints Messrs. English, Connelley and Garland to escort the gentleman into the Chamber.

And the Committee having retired to perform the duty assigned it, returned with Mr. Phillips.

The Chair said:

Ladies and Gentlemen: I take great pleasure at this time in introducing the Honorable John M. Phillips, newly elected member of Council.

It is the duty of the Clerk of Council to swear in all members. John, we want to give you a good start. Go over where the newspaper photographers can get a good picture of you.

And Mr. Phillips subscribed to the oath of office, which was administered by the City Clerk, Robert Clark.

The Chair said:

I have the honor of introducing, at this time, Mrs. Phillips.

Ladies and Gentlemen, and Members of Council: We are honored today by having with us Honorable Charles H. Kline. We wish you would say a few words, Mayor.

Hon. Charles H. Kline said:

Mr. President, and Ladies and Gentlemen: This is not my day to talk. This is Mr. Phillips' day, and he will be obliged to make the speech of the occasion; but it has always been an honor and pleasure since I have been a voter of the City of Pittsburgh and more especially since I have been the Chief Executive of this great community to do something for the best interests of the people, and try to build up this great community in which we live so that we may always have the proud distinction of saying that we live in the greatest industrial and greatest city in the whole civilized world.

In addition, may I say that it is highly gratifying, indeed, to me today to be received by such a wonderful ovation when I came into this Council Chamber, and also when I arose to say these few words. It shows to me and to many others that notwithstanding the fact I am under fire at the present time that I still have thousands of friends in the City of Pittsburgh.

The Chair said:

Mr. Mayor, it is very evident from the applause that you received that you are still among your friends.

John M. Phillips, it is my duty at this time to introduce you and at the same time admonish your dear wife that she does not take to heart all that might appear from time to time in the newspapers about you. She has made a sacrifice and so have you. Mrs. Phillips, when the telephone rings

don't you answer; let somebody else answer, particularly at night. Don't worry, but keep smiling. In the final analysis you are contributing something to the benefit of the City of Pittsburgh when you join your husband in helping him administer the affairs of the City.

Mr. Phillips reluctantly accepted this position, and I know through his efforts he will help to make Pittsburgh a better city in which to live, and contribute what he can to the success of his city.

Mr. Phillips arose and said:

Mr. Mayor, Mr. President and Members of Council, Ladies and Gentlemen: I consider this a great honor to be appointed to serve out the balance of the term of my old friend, George J. Kambach.

As the President of Council has said, I did reluctantly accept this position. My friend, Dr. Kerr, who has been my family physician for years, was after me for three or four months to accept this position. I refused because I have never been a politician. Last week a number of business men told me that it was my patriotic duty to represent the South Side and serve out the term of Mr. Kambach.

The President just said something about the newspapers. The newspapers tell the truth most of the time; sometimes they make mistakes.

I have been in something worse than this. I was a member of the Game Commission of the State of Pennsylvania from 1906 to 1924, and assisted in drafting the law, which Charley Kline helped to adopt into law. This law is a model for the United States.

In 1906 there were 14 of our Game Commissioners fired at, seven were hit and four were killed. I took the matter up and we employed the Pinkerton Detectives to run down the persons doing the shooting, and these detectives were assigned to New Castle in a stone quarry, and we soon discovered that the Black Hand Society were committing these murders. At that time Governor Pennypacker formed the State Police. He had the State Police follow up the Black Handers, and we found their headquarters were in New Castle and had ramifications all over the State, and in Ohio. We hunted them and cleaned them out. Our Secretary and myself received threatening black hand letters and they even threatened Governor Pennypacker. I

remember one day he called us in and said, "You once tried to kill all the cats in the State and all the old maids of the State jumped on me. Now, you have done something else the people are after me for." We said, "Governor, we consulted you before we employed these detectives." "All right, boys," he said, "go on and hunt them and have them arrested." And this was done.

So I think I can get along in this Council. This is the second time I have been appointed a member of Council; the first time was as one of the original Council of Nine, but the joke was on Governor Tener because I lived out in Carrick. But Dr. James P. Kerr took my place and you know what a great councilman he was.

Now, I am not a politician, ladies and gentlemen, and I don't want to be. I steer clear of that. I am 70 years old. I am living on somebody else's time, but I want to say to my friend, "Bob" Garland, also "Cliff" Connelley, although they are both political enemies, they are not my enemies. I know them well and they are both upright and honest gentlemen. I want to say to you people here today that I will use my own judgment on any matters that come before council for decision. I don't want to join any cliques and don't want to be known as a politician. I want to work for the people of Pittsburgh. So when you hear that I belong to someone tell them "No" because I have always been my own boss and expect to remain that way until I die.

The Chair stated

That Council would take a recess for ten minutes in order to give the friends of Mr. Phillips an opportunity to congratulate him.

And Council took a recess.

And the time of the recess having expired, Council reconvened, and there were present:—Messrs.

Alderdice	Garland
Anderson	Little
Connelley	Muldowney
English	Phillips
	Herron (Pres't.)

No. 4085.

July 10, 1931.

President and Members of Council,  
City of Pittsburgh.  
Gentlemen:

Whereas, the heavy rainfall of June 25, 1931, resulted in the breaking of the combined sewer on Seventh avenue, in the vicinity of and under the Pennsylvania Railroad tunnel, and,

Whereas, said broken sewer allowed the sewage to flow into the tunnel of the Railroad Company and said Railroad Company now maintains an open water course to carry the sewage past the tunnel, and,

Whereas, prompt action for the reconstruction of this broken sewer is necessary, and,

Whereas, the undersigned consider the situation to constitute a serious public emergency, now therefore,

Pursuant to the terms and provisions of Section 13 of the Act of May 31, 1911, relating to appropriations, we the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of Two Thousand (\$2,000.00) Dollars, or so much thereof as may be necessary, to meet the same.

CHARLES H. KLINE,

#### DEPARTMENT OF LAW

July 11, 1931.

Committee on Filtration and Water.

Gentlemen:

On Bill No. 3991, being an Ordinance authorizing the purchase of five (5) Patented Automatic Stop and Check Valves for the Brilliant Electric Pumping Station, which was referred to this Department for a report as to its legality—I beg to advise you that I prepared this Bill so as to conform to the City Charter Act, as amended by the Act of May 11, 1911, which provides, in Section 2:

"In no case shall a contract for any material, machinery or process which is patented, or the supply of which is controlled by one person or company, be let with the contract for work or for other material or machinery."

As this Automatic Stop and Check Valve is a patented article, it must be purchased under the provisions of a separate Ordinance which is drawn, as stated above, to conform to the statutory power.

It is in proper form and ready for your consideration.

Very truly yours,

THOS. M. BENNER,

First Asst. City Solicitor.

Which was read, received and filed.

And the bill as read a second time was agreed to.

Resolution authorizing and directing the City Solicitor to strike off and cancel the assessment appearing on his books against William Scherer, in the sum of \$60.00, for the construction of a sewer on Lareda street from a point about 330 feet east of Brahm street to the existing sewer on Lareda street at Brahm street.

Which was read and referred to the Committee on Finance.

Mr. Anderson asked that the Chair set a hearing for Mr. Scherer for next Wednesday, July 22, 1931.

And the Chair instructed the Clerk to notify Mr. Scherer he would be heard on Wednesday next at 2:30 o'clock p. m.

Mr. Phillips presented

No. 4156. Communication from M. A. Graham Mitchell, of Winchester School, 712 Clyde street, protesting against the widening of Fifth avenue at Clyde street, insofar as it affects the school property.

Also

No. 4157. An Ordinance opening Sewer way, in the 19th Ward of the City of Pittsburgh, from Virginia avenue to Piermont street; establishing the grade thereof, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby.

Which were read and referred to the Committee on Public Works.

Also

No. 4158. Report of the Department of Public Health showing the amount of rubbish and garbage removed during the first week of July, 1931.

Which was read and referred to the Committee on Health and Sanitation.

Also

No. 4159. Resolved, - That the Director of the Department of Public Works be and he is hereby requested to have resurfaced with asphalt South 25th Street, from Sidney street Southwardly to the P. R. R. Railroad.

Which was read.

Mr. Phillips moved

The adoption of the resolution.

Which motion prevailed.

Mr. Garland presented

No. 4160. RESOLVED, That the Director of the Department of Public Safety

be requested to furnish Council with a detailed list giving names and locations of the 79 individuals or firms to whom licenses were issued by the Bureau of Building Inspection under Ordinance No. 296, approved June 5, 1931, regulating the use and sale of fireworks; also, a detailed list showing names and locations of firms and individuals on whom penalties, as provided by the Ordinance, were inflicted, for neglecting to take out permits for such storage and sale.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Mr. Alderdice presented

No. 4161. WHEREAS, City Council last month instructed the Director of the Department of Public Works to notify the holders of stands in the North Side Market House that they would have to provide their stands with individual refrigeration and lights, and after an examination it was discovered that it is impossible for the stand owners to install meters because of the present wiring system in the Market House; and therefore, we will probably have to extend the time from August 1st to later in the season to enable the Market House tenants to comply with the request of Council; Therefore, be it

RESOLVED, That the Director of the Department of Public Works be and he is hereby requested to take up with the Duquesne Light Company the question of having a survey of the electric wiring system in the North Side Market House made with a view to providing individual service for the several tenants in said Market House.

Which was read.

Mr. Alderdice moved

The adoption of the resolution.

The Chair asked

That Mr. Alderdice agree to lay this resolution on the table for the present, and in the meantime see Mr. Camp of the Duquesne Light Co., and ascertain from him if these meters cannot be installed and report at the next meeting.

And Mr. Alderdice agreed to lay the resolution over until he could get a report from the Duquesne Light Co.

Mr. Muldowney stated

That he believed it was about time for Council to recess for the Summer months.

Mr. Alderdice moved

That the Mayor and the heads of the several departments be notified to have prepared for presentation next Monday, all legislation necessary for them to continue for the next two months, and that, if necessary, a special meeting be held in the middle of the week to pass all such legislation, so that Council may take a Summer recess.

Which motion prevailed.

Mr. Little moved

That the Minutes of Council, at a meeting held on Monday, July 13, 1931, be approved.

Which motion prevailed.

And on motion of Mr. Muldowney

Council adjourned.

#### MOTIONS AND RESOLUTIONS

Mr. Little presented

No. 4215.

WHEREAS, The dreadful catastrophe which has visited the City of Pittsburgh in the fire at the Home of the Little Sisters of the Poor, Aiken and Penn avenues, has called attention to the inadequate facilities for alarming the inmates of such institutions of the danger in case of fires; and,

WHEREAS, Every effort should be immediately made to guard against a repetition of such a catastrophe; Now, therefore, be it

RESOLVED, That the proper officials of the City of Pittsburgh be directed to immediately make a survey of all buildings within the limits of the City of Pittsburgh, as to the facilities supplied for the purpose of protecting human life from fire, or like disaster, and that immediate recommendations be made to Council as to legislation desirable to insure the ultimate maximum protection, such as the compulsory installation of fire-alarm signals, etc., and of sprinkling systems, etc.

Which was read.

Mr. Little moved

The adoption of the resolution.

Which motion prevailed.

Mr. Garland moved

That the Clerk ask the Director of the Department of Public Safety to reply to resolution adopted at the last meeting of Council asking for additional data on the enforcement of the fireworks ordinance.

Which motion prevailed.

Mr. Muldowney presented

No. 4216.

#### DUQUESNE UNIVERSITY

Pittsburgh

July 27, 1931.

The Honorable Members of Council,  
City of Pittsburgh,  
Pittsburgh, Pa.

Honorable Sirs:—

Duquesne University hereby petitions the Council of the City of Pittsburgh to vacate that portion of Shingiss street from Locust to Bluff streets for the reason that this portion forms part of the hill joining the property of Duquesne University and is one of the most unsightly spots in the downtown section of the city.

If the Council of the City of Pittsburgh will vacate this portion of Shingiss street to Duquesne University, the University will landscape the side of the hill, which will benefit not only the University, but the city as well.

As it is at present, this portion of Shingiss street is of no benefit to the city as a thoroughfare.

Yours respectfully,

J. J. CALLAHAN,  
President.

Which was read, received and filed, and on motion of Mr. Muldowney, a copy referred to the Director of the Department of Public Works to investigate the matter and prepare the necessary legislation.

The Chair presented

No. 4217.

WHEREAS, The Independent Bridge Company has submitted a claim for certain extra compensation in connection with the contract for the construction of the East Street Bridge; and,

WHEREAS, This claim should be acted upon without further delay in order to properly protect the legal interests of the Independent Bridge Company; and,

WHEREAS, The Director of the Department of Public Works has suggested the submission of this claim to a disinterested engineer for his recommendation and professional opinion as to the City's liability and the extent thereof; Now, therefore, be it

RESOLVED, That the Mayor be and he is hereby requested to direct the Director of the Department of Public Works to employ an engineer to investigate and report on the

claim as above recited, and that the cost of this service shall not exceed the sum of Five Hundred (\$500.00) Dollars, same to be payable from Code Account No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance and the Clerk directed to arrange to have the City Solicitor present.

Mr. Muldowney stated

That since he had presented the communication from the Duquesne University relative to vacating Shingiss street, he had received word from the Planning Commission that it was proposed to open this street as an outlet to the Boulevard of the Allies, and moved

To reconsider the vote by which Bill No. 4216, was received and filed and a copy ordered referred to the Director of the Department of Public Works to investigate the matter and prepare the necessary legislation.

Which motion prevailed.

And the question recurring, "Shall the communication be received and filed and a copy referred to the Director of the Department of Public Works to investigate the matter and prepare the necessary legislation?"

The motion did not prevail.

Mr. Muldowney moved

That the Planning Commission be asked for a report stating definitely whether, or not, the portion of Shingiss street asked to be vacated by the Duquesne University, is included in the improvement contemplated by the Commission.

Which motion prevailed.

The Chair presented

No. 4218.

WHEREAS, Application has been made to Honorable Walter A. Brown, Postmaster General of the United States, for the establishment of an air-mail route from Pittsburgh to Cincinnati, traversing the States of West Virginia and Ohio; and,

WHEREAS, The State of West Virginia is one of the few states in the United States having no air-mail service whatsoever; and,

WHEREAS, The investigation conducted by the Board of County Commissioners of Allegheny County, Pennsylvania, has demonstrated that such a service is necessary and for the best interests of mail and express deliveries between Pittsburgh and Cincinnati; Now, therefore, be it

RESOLVED, That the Council of the City of Pittsburgh does hereby recommend to said Postmaster General and endorse the application now pending for the establishment of an air-mail route between Pittsburgh and Cincinnati, covering West Virginia and Ohio, and requests that the same be speedily established; And, be it further

RESOLVED, That certified copies of this resolution be sent to Honorable Walter A. Brown, Postmaster General of the United States, to the Postmaster at Pittsburgh, Pennsylvania, and to the Postmaster at Cincinnati, Ohio.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

The Chair took up

Bill No. 3812. An Ordinance entitled, "An Ordinance authorizing the proper officers of the City of Pittsburgh to purchase from C. Bai Lihme certain property situate in the Nineteenth ward for playground and swimming pool purposes."

In Council, this day, read a first time, rule suspended, and laid over.

Which was read a second time.

Also

No. 4219.

#### CITY OF PITTSBURGH PENNSYLVANIA

July 24, 1931.

Finance Committee of Council.

Gentlemen:—

In re Bill No. 3812, being an "Ordinance authorizing the proper officers of the City of Pittsburgh to purchase from C. Bai Lihme certain property situate in the 19th Ward for playground and swimming pool purposes," referred to me as to the legality of the same, I advise you that Section 2 thereof should be amended by adding the following:

"All city, school and county taxes for the year 1931 to be paid by C. Bai Lihme."

Otherwise the ordinance is in proper legal form.

Yours truly,

CHAS. A. WALDSCHMIDT,
